What are the key risks that are specific to the issuer?

Set out below is a summary of the most material risk factors specific to the issuer:

- It is anticipated that interest rates will remain inflated over the near term, which may have an adverse effect on the Company's investee companies and, potentially, their value and have a negative impact on the NAV of the Company, which in turn may have an adverse effect on the future investment returns of the Company and the market value of the shares.
- The current hostilities in the Ukraine and the resulting sanctions imposed on the Russian Federation by various countries around the world may have unforeseen, long-term and far-reaching consequences for the global economy and the Company's portfolio of investments, which in turn may have an adverse effect on the future investment returns of the Company and the market value of the shares. In particular, the interruption and/or limitation in the supply of certain natural resources (such as oil and gas) could have a negative impact on the performance of the Company's portfolio of investments.
- Investments in smaller unquoted companies, (usually with limited trading records which require venture capital) carry substantially higher risks than would an investment in larger or longer-established businesses.
- There can be no guarantee that suitable investment opportunities will be identified. The past performance of members of the investment management team is no indication of future performance.
- The market for shares in smaller companies is often less liquid than that for shares in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such shares. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Company.
- The Company may be unable to maintain its VCT status, which could result in loss of certain tax reliefs for both the Company and investors
- In 2015 a sunset clause for VCT income tax relief was introduced. This was a condition of the European Commission's State Aid approval of the UK's VCT and EIS schemes, namely a retirement date for the schemes of midnight on 5 April 2025. If the legislation is not renewed or replaced with similar or equivalent legislation before the retirement date, investors participating in any share offers of the Company taking place after 5 April 2025 will not be able to claim income tax relief for their investments in any new shares issued by the Company after 5 April 2025. This may have an adverse impact on the continuation of the Company as a VCT, given its vintage as a relatively new VCT with modest capital resources, if it is unable to raise further capital and/or meet its investment objectives in the future.

It was announced in the Government's mini-budget of 23 September 2022 that the retirement date in respect of the sunset clause would be extended beyond 5 April 2025. In its Autumn Statement of 17 November 2022, the Government reiterated its support for VCTs and noted that it sees the value of extending them in the future. However, as at the date of this document, the revised retirement date has not been confirmed or made into law. As at the date of this document, it is expected that VCT shareholders will continue to be entitled to receive tax-free dividends and relief on capital gains on the VCT shares they acquired prior to 5 April 2025. The Company is monitoring this risk and the potential impact on the Company.

Key Information on the Securities

What are the main features of the securities?

Types, class and ISIN of securities	The Company will issue new ordinary shares of £0.01 each (" Ordinary Shares ") under the Offer. The ISIN of the Ordinary Shares is GB00BQD0HG35.
Currency, par value and number to be issued	The currency of the Ordinary Shares is Sterling. The Shares are ordinary shares of £0.01 each and, pursuant to the Offer, the Company will issue up to £10 million of Ordinary Shares with an over-allotment facility for up to a further £5 million of Ordinary Shares.
Rights attaching to the securities	
As regards Income	The Shareholders are entitled to receive such dividends as the Directors resolve to pay out in accordance with the Articles of Association.
As regards Capital	On a return of capital on a winding up or otherwise (other than on redemption or purchase of shares) the assets of the Company available for distribution shall be divided amongst the holder of Shares <i>pro rata</i> to their respective holdings of such shares, in accordance with the Articles of Association.
As regards Voting and General Meetings	Subject to any special terms as to voting upon which any shares may have been issued, or may for the time being be held, each holder of Shares present in person or by proxy shall on a poll have one vote for every Share of which they are a holder.
As regards Redemption	The Ordinary Shares are not redeemable.
Restrictions on the free transferability of the securities	There are no restrictions on the free transferability of the Shares.

Dividend policy

The Company is targeting: i) a regular annual dividend commencing in the financial year beginning in 2026 equivalent to 5% of the Company's Net Asset Value and (ii) special dividends, where appropriate, from the proceeds of successful exits of portfolio companies that are not reinvested. The Company's ability to pay dividends is subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company. No forecast or projection is implied or inferred.

Where will the securities be traded?

The existing Ordinary Shares are admitted to the premium segment of the Official List and to trading on the London Stock Exchange's main market for listed securities. Application will be made to the FCA for the Ordinary Shares to be issued under the Offer to be admitted to the premium segment of the Official List and to trading on the London Stock Exchange's main market for listed securities. It is expected that each such admission will become effective, and that dealings in those Ordinary Shares will commence within 10 Business Days of allotment.

What are the key risks that are specific to the securities?

Set out below is a summary of the most material risk factors specific to the securities:

- Although it is anticipated that the Ordinary Shares will be admitted to the premium segment of the Official List and admitted to trading on the London Stock Exchange's main market for listed securities, shares in VCTs are inherently illiquid, and Shareholders may find it difficult to realise their investment.
 - The Company is targeting paying a regular annual dividend from 2026 of 5% of the Company's Net Asset Value per annum (see dividend policy above). The ability to pay the intended dividends may also be constrained by, in particular, the existence of realised profits, regulations and the available cash reserves of the Company.
 - The value of an Ordinary Shares depends on the performance of the Company's underlying assets and that value and the income derived from those assets may go down as well as up and an Investor may not get back the amount invested.
 - Levels, bases of, and reliefs from taxation are subject to change, which could be retrospective, and this could affect the VCT status of the Company and the VCT tax benefits available to Shareholders.
 - If a Shareholder disposes of their shares before they have held them for at least five years they will be subject to a clawback by HMRC of any income tax relief claimed.
-

Key Information on the Offer of Securities to the Public and Admission to Trading on a Regulated Market

Under which conditions and timetable can I invest in this security?

Amount of Offer

The Offer is for up to £10 million of Ordinary Shares of £0.01 each, payable in full on application, together with an over-allotment facility for up to a further £5 million Ordinary Shares of £0.01 each, payable in full upon application.

Offer Timetable

The subscription for the Offer will open on 14 September 2023 and may close at any time thereafter but, in any event, not later than 3.00 p.m. on 4 April 2024, in the case of the 2023/2024 offer, and at 3.00 p.m. on 28 June 2024, in the case of the 2024/2025 offer (unless, in either case, the Offer has been fully subscribed by an earlier date or extended at the discretion of the Directors to a date not later than 30 August 2024).

The Offer is conditional on Resolution 1 being passed at the general meeting of the Company to be held on 18 October 2023.

Admission to trading on a regulated market

Application will be made to the FCA for the Ordinary Shares pursuant to the Offer to be admitted to the premium segment of the Official List and to trading on the London Stock Exchange's main market for listed securities. It is expected that admission to trading on the London Stock Exchange's main market for listed securities will become effective and that dealings will commence in respect of the Ordinary Shares issued pursuant to the Offer within 10 business days of their allotment.

Expenses of the Offer

Total initial expenses of the Offer are up to 5.5% of the gross proceeds of the Offer.

Dilution

The existing Shares will represent 23.4% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed, including the over allotment facility (ii) with a net asset value per Share of 97.67p and (iii) the total initial expense of 5.5% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 76.6%.

Expenses Charged to the Investor

Initial Fees

The costs of the Offer to be met by the Company will vary depending on whether an investor has come direct, through an execution-only intermediary (“Execution-only”) or through their financial adviser. These costs include the Initial Fees payable to the promoter by the Company as follows:

Investor	Initial Fee
Direct Investors	5.5%
Execution-only Investors	5.5%
Advised Investors	3.0%

Initial fees are calculated on each application amount. For execution-only investors, the promoter will pay an initial commission of 2.5% to the intermediary from the initial fee.

Early Bird Discount

An early bird discount of 1% will be deducted from the initial fee for all accepted valid applications that are submitted with appropriate payment and are received by 31 January 2024.

Existing Investor Discount

For Existing Guinness investors an Existing Investor Discount of 1% will be deducted from the initial fee for all accepted valid applications for Shares that are submitted with appropriate payment. This is in addition to the Early Bird Discount where applicable.

Adviser Charges

A fee will usually be agreed between a financial adviser and an Investor for the advice (“Adviser Charge”). This fee can either be paid directly by the investor or, up to 4.5% of the application amount by the Investor, can be facilitated by the Company. If the payment is to be facilitated by the Company, then the investor is required to specify this amount on the application form. The Investor will be issued fewer Shares (to the equivalent value of the Adviser Charge) through the pricing formula.

Management Fee

Guinness Asset Management Limited (the “Manager”) provides investment management services in accordance with the investment management agreement for which it will receive a management fee of 2.0% of the Company’s NAV per annum.

Performance Fee

The Manager is incentivised with a performance fee to align the interests of the Manager and Shareholders. This fee is set at 20% of dividends (or other returns of capital) paid in a financial year in which the total return is above the hurdle.

For the hurdle to be met, the Shares must achieve a total return in excess of £1.00 for the year ended 31

March 2024. For subsequent years, for the hurdle to be met, the hurdle increases by 3p per annum such that for the year ending 31 March 2025 the hurdle will be £1.03, for the year ending 31 March 2026 the Hurdle will be £1.06 and so on.

The Performance Fee is due on both ordinary and special dividends.

Number of Shares to be issued

The number of Shares to be issued to each investor will be determined by the following pricing formula and rounded down to the nearest whole number of Shares:

Number of Shares issued = application amount less (i) initial fee and (ii) adviser charges (if any), divided by the latest published NAV per Share*

Investors whose applications are accepted under the Offer will be allocated Shares based on the last published NAV per Share at the time of allotment and the number of Shares they will receive will be adjusted accordingly, on the basis of the pricing formula set out above.

Subject to any applicable early bird discount or existing investor discount, the initial fee is 5.5% of the application amount for applications received through execution only brokers and direct investors and 3% of the application amount for applications introduced by a financial adviser.

The initial fee is not payable by investors but is payable by the Company. However, the initial fee will be reflected in the price per Share paid by investors as a result of a reduction in the number of Shares issued to them in accordance with the pricing formula set out above. The promoter may agree to reduce the initial fee, in whole or in part, in respect of specific investors and in circumstances where any initial commission has been waived by an intermediary in favour of the investor.

Why is this Prospectus being produced?

The reason for the Offer is to enable the Company to raise funds and then use a minimum of 80% of the proceeds of the Offer to acquire over a period not exceeding three accounting years (and subsequently maintain) a portfolio of VCT qualifying investments in accordance with its published investment policy.

The Offer is not subject to an underwriting agreement.

No conflict of interest is material to the Offer or to admission to trading on the London Stock Exchange’s main market for listed securities.

The Company is proposing to raise up to £10 million pursuant to the Offer (and up to £15 million if the over-allotment facility is fully utilised). The total expenses of the Offer (assuming full subscription with the over-allotment facility fully utilised and with all applications made by direct investors only) will be 5.5% of the gross proceeds and the total net proceeds are, therefore, estimated to be £14.175 million.

INTENTIONALLY LEFT BLANK

RISK FACTORS

Prospective Investors should consider carefully the following material risk factors, as well as the other information in this Prospectus, before investing. Prospective Investors should read the whole of this Prospectus and not rely solely on the information in this section entitled "Risk Factors". The business and financial conditions of the Company could be adversely affected if any of the following risks were to occur and as a result the market price of the Ordinary Shares could decline and Investors could lose part or all of their investment.

Prospective Investors should be aware that the value of Ordinary Shares can fluctuate and that they may not get back the full amount they invest. In addition, there is no certainty that the market price of Ordinary Shares will fully reflect the underlying net asset value, that Shareholders will be able to realise their shareholding or that any dividends will be paid. An investment in the Company should be viewed as a higher risk, longer-term investment.

The Directors draw the attention of potential Investors to the following risk factors which may affect an investment, the Company's performance and/or the availability of tax reliefs. The Company and the Directors consider the following risks to be material for prospective Investors, but the risks listed below do not necessarily comprise all those associated with an investment in the Company. Additional risks and uncertainties currently unknown to the Company and the Directors (such as changes in legal, regulatory or tax requirements), or which the Company and the Directors currently believe are immaterial, may also have a materially adverse effect on the financial condition or prospects of the Company or on the market price of Ordinary Shares.

Issuer Risks:

- It is anticipated that interest rates will remain inflated over the near term, which may have an adverse effect on investee companies and, potentially, their value and have a negative impact on the NAV of the Company, which in turn may have an adverse effect on the future investment returns of the Company and the market value of the Shares.
- The current hostilities in the Ukraine and the resulting sanctions imposed on the Russian Federation by various countries around the world may have unforeseen, long term and far-reaching consequences for the global economy and the Company's portfolio of investments, which in turn may have an adverse effect on the future investment returns of the Company and the market value of the Shares. In particular, the interruption and/or limitation in the supply of certain natural resources (such as oil and gas) and the present and future cost of energy could have a negative impact on the performance of the Company's portfolio of investments.
- The Company will invest in unquoted companies in accordance with its investment policy and objectives. Investments in smaller unquoted companies, (usually with limited trading records which require venture capital) carry substantially higher risks than would an investment in larger or longer-established businesses. Small companies often have limited product lines, markets or financial resources and may be dependent for their management on a small number of key individuals and may be more susceptible to political, exchange rate, taxation and other regulatory changes. All of these factors could negatively affect the financial performance of the Company, and therefore, the Net Asset Value of the Company and the potential returns available to Investors.
- There can be no guarantee that suitable investment opportunities will be identified and failure to achieve its objectives may negatively affect the financial performance of the Company, and therefore, the Net Asset Value of the Company and the potential returns available to Investors. The past performance of members of the investment management team is no indication of future performance.
- The Company may be unable to maintain its VCT status, which could result in loss of certain tax reliefs for both the Company and investors. There can be no guarantee that the Company will fulfil the conditions to enable it to maintain full VCT status. If the Company loses its approval as a VCT before Investors have held their Shares for five years, the 30% income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company, and in addition, a liability to capital gains tax may arise on any subsequent disposal of Shares.
- In 2015 a sunset clause for VCT income tax relief was introduced. This was a condition of the European Commission's State Aid approval of the UK's VCT and EIS schemes, namely a retirement date for the schemes of midnight on 5 April 2025. If the legislation is not renewed or replaced with similar or equivalent legislation before the retirement date, investors participating in any share offers of the Company taking place after 5 April 2025 will not be able to claim income tax relief for their investments in any new shares issued by the Company after 5 April 2025. This may have an adverse impact on the continuation of the Company as a VCT, given its vintage as a relatively new VCT with modest capital resources, if it is unable to raise further capital and/or meet its investment objectives in the future. It was announced in the Government's mini-budget of 23 September 2022 that the retirement date in respect of the sunset clause would be extended beyond 5 April 2025. In its Autumn Statement of 17 November 2022, the Government reiterated its support for VCTs and noted that it sees the value of extending them in the future. However, as at

the date of the document, the revised retirement date has not been confirmed or made into law. As at the date of the document, it is widely expected that VCT shareholders will continue to be entitled to receive tax-free dividends and relief on capital gains on the VCT shares they acquired prior to 5 April 2025.

- The market for shares in smaller companies is often less liquid than that for shares in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such shares. There may also be constraints imposed on the realisation of investments to maintain the VCT tax status of the Company. All of these factors could also negatively affect the financial performance of the Company, and therefore, the Net Asset Value of the Company and the potential returns available to Investors.
- The return received by Shareholders will be dependent on the performance of the underlying investments of the Company. The companies in which the Company invests may not produce the expected returns and the value of such investments, and the interest income and dividends they generate, may fall and adversely affect the performance of the Company and the returns to Investors.
- The COVID-19 pandemic may continue to have a significant impact on the UK and global economy, affecting workers and businesses of all sizes. Despite the UK Government's fiscal measures and additional tax and other benefits to support small businesses, the Company's portfolio businesses may be adversely impacted by the ramifications of the pandemic. These factors could affect the financial performance of the Company and the returns for Investors.
- The Finance Act 2018 introduced a "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk and these factors could affect the financial performance of the Company, and the returns for Shareholders. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from investors. Whilst HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying, a breach of any of these conditions could result in the loss of VCT status by the Company or HMRC requiring rectification of the breach, which may mean the Company is forced to dispose of the investment at a loss and this could adversely affect investor returns.
- The tax rules, or their interpretation, in relation to an investment in the Company and/or the rates of tax may change during the life of the Company and may apply retrospectively, which may adversely affect an investment in the Company.
- The Company's ability to successfully implement its investment policy is dependent on the efforts, abilities and services of the Manager. The departure of a number of members of the Manager could adversely affect the Company's ability to implement its investment policy, and, therefore, the performance of the Company and the return to Investors.
- The Company relies upon third party service providers to perform certain functions. In particular, the Investment Manager, Administrator and Registrar will perform services that are integral to the Company's operations and financial performance. The Company is dependent on the skills of the Investment Manager to manage its investments. If the Investment Manager ceases to act as investment manager or if key personnel cease to be employed by the Investment Manager or be involved in the management of the Company's portfolio, there is no assurance that suitable replacements will be found. If this occurs, there may be an adverse effect on the performance of the Company and the value of the Ordinary Shares. The Company is also dependent on third party service providers to protect against breaches of legal and regulatory obligations of the Company, including those in relation to data protection. Failure by any service provider to carry out its obligations to the Company in accordance with the terms of its appointment, to exercise due care and skill, or to perform its obligations to the Company at all as a result of insolvency, fraud, breaches of cybersecurity, failures in business continuity plans or other causes, could have a material adverse effect on each of the Companies' operations and performance and on returns to Shareholders. The termination of any of the Company's relationships with any third-party service provider, or any delay in appointing a replacement for any such service provider, could materially disrupt the business of the Company and could have a material adverse effect on the Company's operations and performance and on returns to Investors.
- The Company, its existing and future portfolio companies, and its service providers are susceptible to operational and information security and related risks of cyber security incidents. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber security attacks include, but are not limited to, gaining unauthorised access to digital systems (e.g., through "hacking" or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data or causing operational disruption. Cyber security attacks also may be carried out in a manner that does not require gaining unauthorised access, such as causing denial-of-service attacks on website (i.e.,

efforts to make services unavailable to intended users). Cyber security incidents affecting any of the Company, its portfolio companies, Directors, Investment Manager, and / or other service providers such as financial intermediaries have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, including by interference with the Company's ability to calculate its NAV, impediments to trading by portfolio companies, the inability of Shareholders to transact business with the Company, violations of applicable privacy, data security or other laws, regulatory fines and penalties, reputational damage, reimbursement or other compensation or remediation costs, legal fees or additional compliance costs. Similar adverse consequences could result in cyber security incidents affecting counterparties with which the Company or any of its portfolio companies engages in transactions, governmental and other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions and other parties. Any such breaches of cybersecurity could have a material adverse effect on the Company's operations and performance and on returns to Investors.

Securities Risks:

- It is anticipated that the Ordinary Shares issued pursuant to the Offer will be admitted to the premium segment of the Official List and will be traded on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid and there may be a limited market in the Ordinary Shares. Investors may, therefore, find it takes longer to realise their investment, or that they cannot obtain a price for their Shares that reflects the underlying NAV of the Ordinary Shares, or that they cannot realise their investment which may adversely impact the return to Investors.
- The Company intends, but cannot guarantee, to pay a regular annual dividend commencing in 2026, equivalent to 5% of the Company's Net Asset Value, and, where appropriate, to pay special dividends from the proceeds of successful exits of portfolio companies that are not reinvested. The ability to pay the intended dividends may also be constrained by, in particular, the existence of realised profits, regulations and the available cash reserves of the Company and returns to Investors may be negatively impacted if the Company cannot pay the intended dividends.
- The value of an Ordinary Share depends on the performance of the Company's underlying assets and that value and the income derived from those assets may go down as well as up and an Investor may not get back the amount invested.
- Levels, bases of, and reliefs from taxation are subject to change, which could be retrospective. Where VCT tax relief is revoked, the value of the securities may be negatively affected as, for example, any future dividends would be subject to income tax and any future disposal of Shares could be subject to capital gains tax.
- If a Shareholder disposes of their shares within five years of issue they will be subject to a clawback by HMRC of any income tax relief claimed.
- Any purchaser of existing Shares in the secondary market will not qualify for the then (if any) available upfront VCT income tax relief afforded only to subscribers of Ordinary Shares on the amount invested.
- Investors who sell their Ordinary Shares before they have held them for at least five years will have to repay some or all of their initial 30% VCT income tax relief depending on the sale proceeds and it is, therefore, probable that the market in the Ordinary Shares will be illiquid for at least five years from their date of allotment.
- If the Company loses its approval as a VCT before Investors have held their shares for five years, the income tax relief obtained will have to be repaid by such Investors. Following a loss of VCT status, an Investor will be taxed on dividends paid by the Company and, in addition, a liability to capital gains tax may arise on any subsequent disposal of their Ordinary Shares.

IMPORTANT INFORMATION

Forward Looking Statements

Investors should not place undue reliance on forward-looking statements. This Prospectus includes statements that are (or may be deemed to be) “forward-looking statements”, which can be identified by the use of forward-looking terminology including the various terms “believes”, “continues”, “expects”, “intends”, “aims”, “may”, “will”, “would”, “should” or, in each case, their negative or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. Forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Save in relation to statements concerning working capital adequacy, forward-looking statements contained in this Prospectus, based on past trends or activities, should not be taken as a representation that such trends or activities will continue in the future. These statements will be updated as and when required by the Prospectus Regulation Rules, the Listing Rules and the Disclosure Guidance & Transparency Rules.

Governing Law

Unless otherwise stated, statements made in this Prospectus are based on the law and practice currently in force in England and Wales.

Non-Mainstream Pooled Investment Status and UK MIFID Laws

As the Company is a closed-ended investment company, the Ordinary Shares will be “excluded securities” under the FCA’s rules on non-mainstream pooled investments. Accordingly, the promotion of the Ordinary Shares is not subject to the FCA’s restriction on the promotion of non-mainstream pooled investments. The Company intends to conduct its affairs so that its Ordinary Shares can be recommended by financial advisers to retail investors in accordance with the rules on the distribution of financial instruments under the UK MiFID Laws. The Directors consider that the Ordinary Shares should be considered “non-complex” for the purposes of the UK MiFID Laws.

Information to distributors Solely for the purposes of the product governance requirements contained within: (a) the UK’s implementation of EU Directive 2014/65/EU on markets in financial instruments, as amended (“UK MiFID II”); (b) the UK’s implementation of Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing UK MiFID II, and in particular Chapter 3 of the Product Intervention and Product Governance Sourcebook of the FCA (together, the “MiFID II Product Governance Requirements”) and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any “manufacturer” (for the purposes of the MiFID II

Product Governance Requirements) may otherwise have with respect thereto, the Ordinary Shares of the Company have been subject to a product approval process, which has determined that the Ordinary Shares to be issued pursuant to the Offer is: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties each as defined in UK MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by UK MiFID II (the “Target Market Assessment”).

Notwithstanding the Target Market Assessment, distributors should note that: the price of the Ordinary Shares may decline and investors could lose all or part of their investment; the Ordinary Shares offer no guaranteed income and no capital protection; and an investment in the Ordinary Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offer.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of UK MiFID II or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Ordinary Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Ordinary Shares and determining appropriate distribution channels.

UK PRIIPS Laws

In accordance with the UK PRIIPs Laws, a Key Information Document (“KID”) for the Company in respect of its Ordinary Shares has been prepared and is available to investors at www.guinnessgi.com/ventures/guinness-vct. If you are distributing the Ordinary Shares, it is your responsibility to ensure that the KID is provided to any clients that are “retail clients”. Investors should note that the procedures for calculating the risks, costs and potential returns disclosed in the KID are prescribed by the law.

Data protection

The information that an investor or a prospective investor (or any third party on behalf of an investor or a prospective investor) provides to the Company or its agents, including in relation to an application for or purchase of Ordinary Shares under the Offer or subsequently, by whatever means, which relates to the investor or prospective investor (if the investor

or prospective investor is an individual) or a third party individual ("personal data") will be held and processed by the Company (and any processor to whom the Company may delegate certain administrative or other functions in relation to the Company, including the Registrar) in compliance with (a) the relevant data protection legislation and regulatory requirements (the "Data ") and (b) the Company's privacy policy, a copy of which is available for consultation on the Company's website available here www.guinnessgi.com/privacy-policy ("Privacy Policy").

Without limitation to the foregoing, by making an Application for or purchase of Ordinary Shares under the Offer, or otherwise providing the Company with personal data, each investor or prospective investor (and any third party acting on behalf of an investor or prospective investor) acknowledges that it has been informed that such information will be held and processed by the Company (or any third party, functionary, or agent appointed by the Company, which may include, without limitation, the Registrar) in accordance with and for the purposes set out in the Company's Privacy Policy which include:

- acting in a way that is necessary for the Company's legitimate interests, including carrying out the business of the Company and the administering of interests in the Company;
- the performance of the Company's contract with an investor, or the Company taking necessary steps prior to entering into a contract with a prospective investor; and
- complying with the legal, regulatory, reporting and/or financial obligations of the Company in the UK or elsewhere (or of any third party, functionary or agent appointed by the Company), including verifying the identity of the prospective investor to comply with statutory and regulatory requirements in relation to anti-money laundering procedures.

Where necessary to fulfil the purposes set out above and in the Privacy Policy, the Company (or any third party, functionary, or agent appointed by the Company, which may include, without limitation, the Registrar) will:

- disclose personal data to third party service providers, affiliates, agents or functionaries appointed by the Company or its agents to operate and administer the Company; and
- transfer personal data outside of the UK and/or the EEA to countries or territories which do not offer the same level of protection for the rights and freedoms of prospective investors or prospective investors, provided in each case that adequate safeguards are in place for the protection of such personal data, in accordance with Data Protection Legislation.

Investors, prospective investors and any third

parties acting on behalf of prospective investors, are responsible for informing any third party individual to whom the personal data relates of the disclosure and use of such data in accordance with these provisions. Individuals have certain rights in relation to their personal data; such rights and the manner in which they can be exercised are set out in the Company's Privacy Policy.

Market Abuse Regulation

UK MAR sets out requirements relating to insiders, director dealings and market soundings. In particular, directors, Persons Discharging Managerial Responsibilities (PDMRs) and Persons Closely Associated (PCAs) with them must notify the Company of any transaction in the Company's shares. There is also a restriction on dealing in the Company's shares during a closed period. UK MAR also stipulates that public disclosure of inside information by the Company must be done without delay (other than in limited circumstances). The FCA must be formally notified following the announcement of any delay.

The Directors are aware of their obligations under UK MAR and the Company will have a share dealing policy and a procedure to comply with the requirements set out in UK MAR.

Websites

Without limitation, neither the contents of the Company's or the Manager's website (or any other website referred to in this Prospectus) nor the content of any website accessible from hyperlinks on the Company's or the Manager's website (or any other website referred to in this Prospectus) is incorporated into, or forms part of this Prospectus.

Withdrawal

The Company may update the information provided in this Prospectus by means of a supplement if a significant new factor that may affect the evaluation by prospective investors occurs after the publication of this Prospectus or if this Prospectus contains any material mistake or substantial inaccuracy. Any such supplement will be subject to approval by the FCA and will be made public in accordance with the Prospectus Regulation Rules. In the event that the Company is required to publish a supplement prospectus prior to Admission, applicants who have applied for Ordinary Shares under the Offer shall have the right to withdraw their applications for Shares made prior to the publication of the supplement prospectus. Such withdrawal must be made within the time limits and in the manner set out in any such supplement prospectus (which shall be at least two clear Business Days following the publication of the relevant supplement prospectus). If the application is not withdrawn within the stipulated period, any offer to apply for Ordinary Shares under the Offer will remain valid and binding.

Performance Data, and Track Record

This Prospectus includes information regarding the track record and performance data of the Company and Guinness Asset Management Limited. Such information is not necessarily comprehensive and prospective investors should not consider such information to be indicative of the possible future performance of the Company or any investment opportunity to which this Prospectus relates. The past performance of the Investment Manager is not a reliable indicator of, and cannot be relied upon as a guide to, the future performance of the Company and/or the Investment Manager. Investors should not consider the track record information and performance data (particularly the past returns) contained in this Prospectus to be indicative of the Company's future performance. Past performance is not a reliable indicator of future results and the Company will not make the same investments reflected in the track record information and performance data included herein. Prospective investors should be aware that any investment in the Company is speculative, involves a high degree of risk, and could result in the loss of all or substantially all of their investment.

For a variety of reasons, the comparability of the track record information and performance data to the Company's future performance is by its nature very limited. PART 1

LETTER FROM THE CHAIR

Guinness VCT plc
18 Smith Square
London
SW1P 3HZ

14 September 2023

Dear Investor,

Guinness VCT plc (the “**Company**”) was set up as a VCT and launched its first offer for subscription on 18 October 2022 with the objective of investing in outstanding growth companies that are Qualifying Investments and that will deliver capital appreciation while enabling Investors to benefit from the attractive VCT tax benefits. Having raised £4.5 million under its previous share offer (the “**2022 Offer**”), the Company is seeking to raise further funds to invest in further growth companies in accordance with its published investment policy. The Company is managed by Guinness Asset Management Limited (“**Guinness**”), a London based specialist fund management company that manages a range of listed and private funds with over £7.0 billion of funds under management (as of 31 July 2023).

The Company

Since launching the 2022 Offer, the Company has raised £4.5 million and invested £1.6 million in five VCT Qualifying Companies across a range of sectors, including advertising and marketing, business services, software and technology, retail and Edtech. Some £2 million of undeployed cash is currently invested in short term liquid instruments, including money market funds.

The five VCT Qualifying investments made to date are as follows:

- Baby Mori is a retailer of premium and sustainable babywear. Mori produces clothing using a signature fabric developed with bamboo yarns which is exceptionally soft and safer than regular materials. Guinness VCT invested £0.35 million in April 2023.
- Dragonfly AI is a predictive analytics platform which is designed to improve the quality and effectiveness of customers’ content. Guinness VCT invested £0.20 million in April 2023.
- Fable Data provides European consumer transaction data to investment firms and corporates, as well as on a pro-bono basis to government and educational institutions. Guinness VCT invested £0.35 million in Fable Data in April 2023.
- Plotbox is an industry leading cloud-based deathcare management solution facilitating the workflows of cemeteries and crematoria through a suite of features. Guinness VCT invested £0.35 million in April 2023.
- Maestro Media, trading as BBC Maestro, offers online-courses led by well-known industry experts, such as Marco Pierre White, Gary Barlow and Julia Donaldson. Maestro is a fast follower to the US based Masterclass and Guinness VCT invested £0.35 million in April 2023.

On 3 August 2023 the Company announced a revised (unaudited) NAV as at 30 June 2023 of 97.67 pence per Share.

The Manager

Guinness is a fund management company based in London, since its inception in 2003, specialising in long-only equity funds and unlisted private investments. As at 31 July 2023 it had 66 full time employees and over £7.0 billion in assets under management. Guinness Ventures is a trading name of Guinness Asset Management Limited.

In addition to managing a range of actively managed income and growth funds, Guinness has established itself as a leading growth company investor, having invested over £284 million of EIS funds into more than 185 companies since 2010 across its Guinness EIS and Guinness AIM EIS portfolios.

The Company invests in growth stage companies that require scale-up capital across a range of sectors including technology, education, healthcare, manufacturing, retailing, leisure and food and drink. To be considered for investment, companies should have a product, service or technology that has already gained traction in the market such that they are now looking to raise scale-up funds to further commercialise their product or service.

The Manager's Track Record

The Manager has invested in a portfolio of scale-up growth companies through its Guinness EIS. Further details of the Manager's track record can be found in Part 3 of this prospectus.

The Offer

The Offer is seeking to raise up to £15 million and will open on 14 September 2023 and may close at any time in the Directors' discretion thereafter but, in any event, not later than 3.00 p.m. on 4 April 2024, in the case of the 2023/2024 tax year offer, and 3.00 p.m. on 28 June 2024, in the case of the 2024/2025 tax year offer (unless, in either case, the Offer has been fully subscribed by an earlier date or extended at the discretion of the Directors to a date no later than 30 August 2024). It is expected that applications will be made for the Ordinary Shares of the Company allotted under the Offer to be listed on the premium segment of the Official List and to be traded on the London Stock Exchange's main market for listed. The Existing Shares are already so listed and traded.

The Directors have undertaken to invest £20,000 under the Offer. To date, the Directors and persons associated with the Manager have already invested £1.0 million in the Company.

The Tax Benefits

Subscriptions for Ordinary Shares in Guinness VCT plc should attract income tax relief at the rate of 30% of the Investment Amount for eligible UK taxpayers. In addition, as long as the VCT maintains its status as a VCT, the VCT can make tax-free distributions to shareholders and gains made within the VCT are free from capital gains tax. The availability of tax reliefs depends on the individual circumstances of investors and can be subject to change.

In order to invest please read this Prospectus (particular attention is drawn to the Risk Factors on pages 12 to 14) and then complete the online Application Form through the Company's website at <https://www.guinnessgi.com/ventures/guinness-vct>.

If Investors have any questions regarding an investment in the Offer, they should contact their own independent financial adviser. For questions relating to an application, they should contact the Receiving Agent as set out on page 79. Advisers and intermediaries should contact RAM Capital, who are acting as marketing advisers in respect of the Offer, on 0203 006 7530 or by sending an e-mail to taxsolutions@ramcapital.co.uk.

Yours sincerely,

Ewen Gilmour
Chairman

Guinness VCT plc

PART 2

INFORMATION ON THE COMPANY

Introduction

VCTs were introduced by the UK Government in 1995 to encourage private individuals to invest in UK smaller companies, to generate employment and to meet the perceived equity gap for investments in growing UK businesses. The VCT sector is now a mature market with over £6 billion under management across 51 VCTs. Investor interest has increased over the years and, according to the Association of Investment Companies (the "AIC"), the trade body for VCTs and the wider investment company industry, VCTs raised over £1 billion of investment in the 2022/2023 tax year, the second highest year for fundraising and marking two consecutive tax years in which VCTs have raised over £1 billion.

As the cost of living crisis continues with high inflation and interest rates, and recently announced reductions in dividend and capital gains tax reliefs, VCT investment (with its exemptions from income tax on dividends and capital gains on disposals, along with 30% income tax relief on the amount invested) is becoming more appealing for investors.

Guinness VCT plc was launched to invest in growth companies that require scale-up capital across a wide range of sectors including technology, education, healthcare, manufacturing, retailing, leisure and food and drink.

Since launching the 2022 Offer, the Company has made investments in 5 portfolio companies as at the date of this document, in a range of sectors including advertising and marketing, business services, software and technology, retail and Edtech. Further detail on these investments can be found in Part 3 of this Prospectus. The Company believes it is in a good position to expand the size of its portfolio and is now seeking to raise up to £10 million (with an over-allotment facility of up to a further £5 million).

The Directors believe that the VCT will continue to be in a strong position to co-invest in follow-on rounds in businesses which have already received funding from the EIS Services managed by the Company's Manager, Guinness Ventures, benefiting from the deep knowledge, experience and past data on these companies. Alongside this, the Manager has an extensive personal and professional network of contacts that will help to ensure an ongoing pipeline of potential investment opportunities which can be considered by the Company for investment.

The Company will consider co-investing in initial investments made by Guinness's EIS Services in growth stage companies. The Company's current investments are co-investments with the Guinness EIS Service. It is expected that such co-investments will continue, but the Company's investments will not exclusively be co-investments alongside the Guinness EIS Service, which have aligned investment strategies. In future years, the Company expects to continue to back its most promising, high performing, portfolio companies through follow-on funding rounds, whilst continuing to invest in new opportunities.

Under current VCT legislation, the Company must hold at least 80% of its assets by value in Qualifying Investments by the start of the accounting period in which the third anniversary of the date the shares were issued falls. At least 30% of all new funds raised by the Company must be invested in Qualifying Investments within 12 months of the end of the accounting period in which the Company issued the shares. Following the investments in five VCT qualifying companies, Guinness VCT has already satisfied this rule for the funds raised under the 2022 Offer. Qualifying Investments will be made in companies which are carrying out a qualifying trade, and have a permanent establishment in the UK, although some may trade overseas. The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (or £16 million immediately after the investment), fewer than 250 employees (or fewer than 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or ten years in the case of a Knowledge Intensive Company) at the time of the Company's investment. It must also meet several other conditions to be classed as a VCT qualifying investment, further details of which are set out on page 46.

The Company will apply for the Ordinary Shares issued under the Offer to be listed on the Official List and to be admitted to trading on the London Stock Exchange's main market of listed securities. The Offer will open on 14 September 2023, and close on 28 June 2024 or such other earlier or later date to be determined at the Directors' absolute discretion, but no later than 30 August 2024.

The Manager

Guinness Asset Management Limited was appointed as the Company's Manager on 18 October 2022 and is authorised and regulated by the Financial Conduct Authority.

Guinness is a specialist fund management company based in Westminster, London, since its inception in 2003.

As at 31 July 2023 it had 66 full-time employees and over £7.0 billion in assets under management. In addition to managing a range of actively managed income and growth equity funds for long term investors, Guinness has established itself as an award winning, leading growth investor, having raised and invested over £284 million of EIS funds into more than 185 companies since 2010 across its Guinness EIS and Guinness AIM EIS portfolios (Source: Guinness Asset Management).

AIFM

The Company is classified by the FCA as an alternative investment fund (an "AIF"). Under the UK's post-Brexit version of the Alternative Investment Fund Management Directive (the "AIFM Directive"), each AIF managed within the scope of the AIFM Directive has a single alternative investment fund manager (an "AIFM") responsible for ensuring compliance with the AIFM Directive. Guinness Asset Management Limited was the Company's initial AIFM, but since 2 May 2023 the Company has been registered as a self-managed AIF (a "Self-Managed Authorisation"), acting as its own AIFM pursuant to the AIFM Directive.

For more information on Guinness's team and experience, please see Part 4 of this document headed "Information on the Board, Manager, Expenses and Administration" on page 35.

Dividend Policy

The Company targets an annual dividend equivalent to 5 per cent of its Net Asset Value as well as special dividends, where appropriate, from the proceeds of successful exits of portfolio companies that are not reinvested. It is envisaged that dividends will be paid from 2026 onwards, subject to the existence of realised profits, legislative requirements and the available cash reserves of the Company.

Share Liquidity

The Existing Shares are admitted, and it is anticipated that the Ordinary Shares to be issued pursuant to the Offer will be admitted, to the premium segment of the Official List and to trading on the London Stock Exchange's market for listed securities. The secondary market for VCT shares is generally illiquid (which may be partly attributable to the fact that initial subscription tax reliefs are not available for VCT shares bought in the secondary market and because VCT shares typically trade at a discount to NAV per share). There may not, therefore, be a liquid market and Shareholders may find it difficult to realise their investment. Shareholders should not rely upon any share buyback policy to offer any certainty of selling their shares at prices that reflect the underlying NAV per Share. An investment in the Company should, therefore, be considered as a long-term investment.

VCT Tax Relief

The Directors intend to manage the Company's affairs in order that it complies with the legislation applicable to VCTs from time to time. In this regard Philip Hare & Associates LLP has been appointed to advise on tax matters generally and, in particular, on VCT status. Where requested, Philip Hare & Associates LLP (or other suitably qualified professional advisers) will assist Guinness (but report directly to the Board) on ascertaining the qualifying status of each investment as a Qualifying Investment or by seeking advance assurance from HMRC where appropriate and where requested will advise on the status of VCT approval. The Company must continue to satisfy the requirements of HMRC in relation to VCTs on an ongoing basis, or it is liable to lose its VCT status.

VCTs offer significant tax advantages to individual investors when compared to many other investment products. The income tax relief available on subscriptions for shares is currently 30% up to a maximum of £200,000 invested per individual per tax year. The shares in the VCT need to be held for a minimum of five years to maintain this initial tax relief (as well as the VCT itself maintaining its VCT status).

A summary of the tax reliefs for UK taxpayers who invest into a VCT are:

- Income tax relief of 30% of the amount subscribed for shares up to £200,000 per tax year, subject to a minimum holding period of five years;
- Dividends received by Investors from the VCT are tax free;
- Capital gains made upon the disposal of the shares are tax free.

VCT tax reliefs are available for investments of up to £200,000 per tax year and can be subject to change and are dependent on an individual's circumstances.

Share Buyback Policy

The Shares to be issued pursuant to the Offer are intended to be traded on the London Stock Exchange's main market for listed securities. It is likely that there will be an illiquid market for such shares and, in such circumstances, shareholders may find it difficult to sell their Shares in the market. Accordingly, the Company intends to pursue an active buy back policy to improve the liquidity in the Shares where the Company may repurchase Shares which shareholders wish to sell at a discount of up to 5% to the latest published Net Asset Value per Share, subject to applicable regulations, market conditions at the time and the Company having both the necessary funds and distributable cash resources available for the purpose. The making and timing of any share buybacks will remain at the absolute discretion of the Board. The Directors expect that there will be limited demand for share buybacks from Shareholders within the first five years because the only sellers are likely to be deceased Shareholders' estates and those Shareholders whose circumstances have changed (to such extent that they are willing to repay the 30% income tax relief in order to gain access to the net proceeds of the sale).

Shareholder Reporting

The Directors believe that communication with Shareholders is important. Shareholders will have access to a copy of the Company's annual report and accounts (expected to be published each July) and a copy of the Company's interim results (expected to be published each December). These will be made available on Guinness's website. The Company's annual report and accounts for the period ended 31 March 2023 were published on 7 July 2023. For further details see Part 8 of this document.

In order to reduce the administrative burden and cost of communicating with Shareholders, the Company intends to publish all notices, documents and information to be sent to Shareholders generally ("Shareholder Documents") on Guinness's website (www.guinnessgi.com). Increased use of electronic communications will deliver significant savings to the Company in terms of administration, printing and postage costs, as well as speeding up the provision of information to Shareholders. The reduced use of paper will also have general environmental benefits. Shareholders will be notified when Shareholder Documents are published on Guinness's website.

Such notification will be delivered electronically (or by post where no email address has been provided for that purpose) and, unless Investors complete the relevant section of the Application Form to receive hard copy Shareholder Documents or, as Shareholders, they subsequently notify the Company of the same, Shareholders will not receive hard copies of the Shareholder Documents.

All Qualifying Subscribers will automatically be provided with certificates enabling them to claim income tax relief.

Valuation Policy, Allocation Policy and Conflicts of interest

Unquoted investments will be valued at fair value in accordance with the IPEV Guidelines and carried out by the Manager, subject to the policies and valuation process set out below. The Net Asset Value will be notified through a Regulatory Information Service announcement immediately upon calculation. Any AIM or other quoted investment will be valued at the closing bid price of its shares, in accordance with generally accepted accounting practice. To ensure the effective management of the portfolio of investments, the Manager will undertake an evaluation of the Net Asset Value on a quarterly basis.

Fair value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's length transaction.

In estimating fair value for an investment, the methodology applied must be appropriate to the nature, facts and circumstances of the investment and its materiality based on reasonable assumptions and estimates. Such methodology, including earnings multiple, cost, cost less a provision or net assets, should be applied consistently.

The Company does not anticipate any circumstances arising under which valuations may be suspended. However, if this was to occur, the suspension would be announced through a Regulatory Information Service.

The Manager has in place an allocation policy (the "Allocation Policy") which addresses situations where it allocates a share in an investment opportunity to any other fund managed or advised by it at the same time as an investment is to be made on behalf of the Company. In these circumstances the Manager will advise the Board before such an investment is made and subject to any comments that the Board shall have, will invest, provided that all requirements of the FCA Rules have been complied with.

The Manager will manage conflicts of interest in accordance with its written conflicts policy (the “Conflicts Policy”), disclosing to the Board the nature of any material interest which it may have in any proposed transaction to which the Company is, or is to be, a party, the Manager not causing the Company to become a party to any such contract or transaction except with the prior approval of those members of the Board who are independent of the Manager (such prior approval not to apply to the allocation of investment opportunities governed by the Allocation Policy).

The valuation process is undertaken by the Manager’s valuation committee and the valuations are reviewed and approved by the Directors, the majority of whom are independent of the Manager. The Directors are required to act independently and represent Shareholders’ best interests at all times, and are ultimately responsible for ensuring the investment objectives and policy of the Company are carried out. This ensures any potential conflict of interests that may arise insofar as the fees payable to the Manager pursuant to the Investment Management Agreement are mitigated. This process is documented in the Manager’s valuation policy, alongside the prescribed valuation methodology for the Company.

These valuations will be reviewed and audited by the Company’s independent auditors, at the Company’s year end. Any required changes, following their review, would then be made so that this valuation policy continually evolves in line with industry best practice. The Directors may also require changes in process or individual valuations, from time to time.

Consumer Duty

The Directors are cognisant of Guinness’ obligations to comply with the FCA’s Consumer Duty rules and principles that came into force in 2023. Firms subject to the Consumer Duty must ensure they are acting to deliver good outcomes and that this is reflected in their strategies, governance, leadership and policies. The Company is not directly affected by the Consumer Duty. However, the Directors will receive updates from Guinness on how it is meeting its obligations.

PART 3

INVESTMENT POLICY, INVESTMENT STRATEGY, THE COMPANY'S EXISTING PORTFOLIO AND THE MANAGER'S TRACK RECORD

Investment Policy

The Company is a generalist VCT seeking to invest in a diversified portfolio of businesses that the Manager believes will provide the opportunity for value appreciation. The Company focuses on investments in growth companies in a range of sectors including technology, education, healthcare, manufacturing, retailing, leisure and food and drink. These businesses will mostly be unquoted, but the Company will also consider businesses listed on Qualifying Exchanges such as AIM. The Company will typically make initial investments of £0.1 million to £10 million and may also make follow-on investments into existing portfolio companies. Concentration risk is mitigated by ensuring that at the point of investment no more than 15% of the Company by value will be in any one investment.

Qualifying Investments

Qualifying Investments comprise investments in companies which are carrying out a qualifying trade (as defined under the relevant VCT legislation), and have a permanent establishment in the UK, although some may trade overseas. The Qualifying Companies in which investments are made must have no more than £15 million of gross assets immediately prior to the investment (or £16 million immediately after the investment), fewer than 250 employees (or fewer than 500 employees in the case of a Knowledge Intensive Company) and generally cannot have been trading for more than seven years (or ten years in the case of a Knowledge Intensive Company) at the time of the Company's investment. Several other conditions must be met for an investment to be classed as a VCT Qualifying Investment.

The Company intends to invest the net proceeds of the Offer in acquiring a portfolio of Qualifying Investments complying with VCT legislation and in accordance with its stated investment policy. At least 30% of the funds raised will be invested in Qualifying Investments within 12 months of the end of the Company's accounting period in which the relevant Shares were allotted, and at least 80% of its net assets will, by the start of the Company's accounting period in which the third anniversary of the date the relevant Shares are allotted falls and continuously thereafter, be invested in Qualifying Investments.

Non-Qualifying Investments

Subject to the rules applicable to VCTs, funds not employed in Qualifying Investments will be invested in short term liquid instruments, principally other funds which can be easily exited (e.g. money market funds, corporate bonds, term deposits and equity funds) including any appropriate funds managed by Guinness, to generate additional return for investors and mitigate against a rise in value of competing companies. These must be easily liquidated as cash. Such investments are subject to market fluctuations.

Borrowing Policy

The Company has no present intention of utilising gearing as a strategy for improving or enhancing returns. Under the Company's Articles of Association, the borrowings of the Company will not, without the previous sanction of the Company in general meeting, exceed 25% of the aggregate total amount received from time to time on the subscription of Shares in the Company.

Risk Diversification and Maximum Exposures

It is intended that diversification will be achieved across both sector and stage by investing in a broad range of high-growth opportunities across many sectors in line with the Company's Investment Policy. Although the preferred investment strategy will be to invest at a "series A" stage, investment stage risk is diversified by balancing earlier stage investment opportunities with investments in more mature companies, including follow-on investments where the Company has already made a previous investment. The Company will also consider AIM-listed Qualifying Investment opportunities as well as businesses listed on other Qualifying Exchanges. The Manager may also make investments in companies that has received investment from other investment vehicles, including investment vehicles managed by the Company's Manager. The maximum amount invested in any one company (inclusive of any related group company) is limited to 15% of the value of the portfolio in accordance with the VCT legislation at the time of investment or addition to that investment.

Target Asset Allocation

Initially, the majority of funds will be invested in Non-Qualifying Investments. These will be progressively reduced to provide funds for Qualifying Investments in accordance with VCT Rules requiring at least 80% of the Company's assets to be invested in Qualifying Investments.

Changes to the Investment Policy

The Company will not make any material changes to its Investment Policy without Shareholder approval.

Investment Strategy

The Company will invest in growth stage companies that require scale-up capital across a range of sectors including technology, education, healthcare, manufacturing, retailing, leisure and food and drink. Although there is inherent risk with investing in VCTs, this generalist strategy will allow the Company to mitigate risk to a degree by diversifying its target portfolio companies for investors. The Manager will build a pipeline of investment opportunities with a focus on companies that have at least £1 million of historic or run-rate revenues. The Company's current portfolio consists of five VCT qualifying investments, please see Part 3 of this Prospectus for further details about the Company's current portfolio.

The Manager seeks to identify businesses that have demonstrated the ability to raise and appropriately employ seed stage funding and who now require further funding to accelerate growth and deliver shareholder returns.

When assessing investment opportunities, Guinness looks for:

- experienced and competent management teams with a strong understanding of their market and competitive position, and with a track record of building and selling companies;
- a realistic business plan supported by good operations and technology;
- the investee company's ability to sustain a competitive advantage;
- the company's prospects of being sold or floated in the future, at a multiple on the initial cost of investment; and
- a valuation and structure that provides alignment between all shareholders.

Guinness also has an extensive track record of investing in AIM-listed companies and will consider investing up to 20% of the funds raised into AIM-listed companies as well as businesses listed on other Qualifying Exchanges.

Every company that is selected for potential investment will be required to pass through a comprehensive due diligence exercise which aims to test its business plan, technology and financials as well as reviewing VCT eligibility.

Investment process

The Manager's investment process from origination to exit follows five key stages, as follows:

• Origination

Guinness reviews hundreds of business plans every year, received through the team's extensive network of advisers and business introducers. In addition, the team receive many direct approaches from entrepreneurs and business owners. Guinness has invested in over 185 EIS and VCT qualifying companies since 2010 and has consequently established a broad pipeline of investment opportunities and introducers. All origination leads will be discussed at the Manager's regular pipeline meetings where they will be prioritised according to the investment strategy.

• Due Diligence

Origination leads that have been prioritised are initially screened internally. The Manager will usually secure a period of exclusivity while due diligence is completed. This may involve external advisers and the findings will be compiled into an investment paper, which are discussed with the team at regular meetings.

- Transaction

Where the Manager agrees to proceed to a potential investment, they set a time frame for completing the transaction and if necessary engage third parties such as lawyers and accountants for transaction support.

- Monitoring

The Manager usually seeks board positions in unquoted Investee Companies and seeks to establish regular formal communication with management teams. Each Investee Company is closely monitored throughout the life of an Investment. Unquoted Investee Companies will also be required to provide the Manager with regular management reports and financial statements.

- Exit

The Manager will actively monitor opportunities for exits of individual investments. Any potential exit strategy will be described in a short-form memorandum and submitted for final approval by the team prior to the commencement of any sale process.

Deal Flow

The Company will have access to Guinness's extensive deal flow pipeline of growth companies. The Company may consider co-investing with the Guinness EIS Services as well as co-investing with other investors in growth stage companies.

Due Diligence

In order to assess the validity of their internally developed investment thesis, Guinness undertake due diligence on potential investments, and often engage third-party providers to carry out in-depth due diligence projects on their behalf. In addition to this assessment, the diligence projects can identify any previously unidentified risks and opportunities for Guinness and the business to consider. This enables Guinness and the business to deploy capital most effectively.

The scope of work undertaken varies on a deal-by-deal basis. To ensure that each scope is most relevant to the specific transaction, Guinness perform a detailed analysis internally to identify key areas for the diligence providers to focus on during their work. In addition, Guinness make use of a network of industry experts to understand where best to focus the diligence.

Potential third-party diligence projects include commercial, technical, management, operational, legal, financial, tax, sales and marketing.

Adding Value

Guinness is able to provide value to its portfolio companies by drawing on the extensive investment management, venture capital and private equity experience of its fund managers. Guinness works with management teams, and seeks to maximise value, by focusing on the following 10 pillars:

- Management Information – Developing key performance indicators and reporting to enhance evidence-based decision making;
- Professionalisation – Improving middle-office and back-office systems and processes;
- Hiring Strategy – Helping companies identify the best talent;
- Strategic Planning – Bringing our generalist support and connections to help refine decision making;
- Value Creation – Implementing the plans to maximise value for all shareholders;
- Digital Marketing – Monitoring and boosting marketing ratios;
- Sales Strategy – Ensuring a coherent sales playbook and effective targeting;
- Introductions – Potential customers, strategic advisors, specialist support and industry experts;
- Workshops – Recent workshops include digital marketing, sales strategy, pricing and financial tools; and
- Future Fundraising – As well as follow on investment from Guinness managed funds, active support in sourcing additional debt and equity.

PART 4

INFORMATION ON THE BOARD, MANAGER, EXPENSES AND ADMINISTRATION

Board of Directors

The Board has overall responsibility for the Company's affairs, including determining its investment policy and having overall control, direction and supervision of the Manager. The Board comprises three non-executive directors, two of whom act independently of the Manager. Accordingly, the majority of the Board, including the Chairman, are independent of the Manager.

Ewen Hamilton Gilmour (Independent non-executive Chair)

Ewen is the former chief executive of Chaucer Holdings plc, a listed Lloyd's insurer. He joined Chaucer prior to its stock market flotation in 1998; becoming managing director/chief executive officer from 1999 to 2009. While there, he also served on the Council of Lloyd's, including being deputy chairman of Lloyd's from 2006 to 2010. His early career was as an accountant at KPMG between 1974 and 1980, followed by 13 years as a corporate financier at Charterhouse Bank, the merchant banking subsidiary of Royal Bank of Scotland. He has served as non-executive chairman of three Lloyd's Agents: Antares Managing Agency Limited; Hampden Agencies Limited; and Starstone Underwriting Limited. Currently, he is chairman of Soteria Insurance Limited.

Joanna Lesley Santinon (Independent non-executive Director)

Joanna is a chartered accountant, and chartered tax adviser. She specialised in tax, transactions and private equity, and has wider experience including mergers and acquisitions, strategic investments, capital raisings and listings from a career spanning 24 years at Ernst & Young ("EY") where she was a member of the London Markets Board and led the Private Tax team in London through a transformation and growth period. During her time with EY Joanna played key roles in transactions in the UK and Europe. Joanna also led the EY UK Entrepreneur of The Year Programme. Joanna was a founder member of the 30% Club in the UK. She is an independent non-executive director of Octopus Future Generations VCT plc and a trustee of The Centre For Entrepreneurs.

Andrew Everard Martin-Smith (Non-independent non-executive Director)

Andrew was Chief Executive of Hambros Fund Management when it merged with Guinness Flight in 1997. In 2000 he joined Berkshire Capital Securities, a corporate adviser to the fund management industry, before joining Guinness Asset Management in 2005 as a senior adviser. He is a non-executive director of several companies including Church House Investment Management and has been a director of several public listed investment trusts including, TR European Growth, M&G High Income and Atlantis Japan. He is a director of Guinness Asset Management and is the lead manager of the Guinness AIM EIS Service.

Corporate Governance

The UK Corporate Governance Code published by the Financial Reporting Council in July 2018 (the "Code") applies to the Company. The Directors note that the Code does not set out a rigid set of rules and that some provisions may have less relevance for investment companies and, in particular, considers some areas inappropriate to the size and nature of the business of the Company.

Accordingly, the Company will comply with all provisions of the Code save that (i) the Company will not conduct on an annual basis a formal review as to whether there is a need for an internal audit function as the Directors do not consider that an internal audit would be an appropriate control for a VCT and (ii) as all of the Directors are non-executive, it is not considered appropriate to appoint a nomination or remuneration committee and (iii) in light of the responsibilities delegated to the Manager, its VCT status adviser and Company secretary, the Company has not appointed a chief executive or deputy chairman. The Directors will not be obliged to comply with the Code recommendation that they stand for re-election on an annual basis, although any director nominee of the Manager is obliged under the Listing Rules to do so. Accordingly, Andrew Everard Martin-Smith will retire annually, but will also seek re-election at each Annual General Meeting.

Audit Committee

The Company has established an audit committee which comprises Joanna Lesley Santinon (Audit Chair) and Ewen Hamilton Gilmour (both independent directors). The committee meets at least twice a year. The Company's auditors may be required to attend such meetings. The committee will prepare a report each year addressed to shareholders for inclusion in the Company's annual report and accounts. The duties of the committee are inter alia:

- to review and report to the Board on significant financial reporting issues and judgements which the financial statements, interim reports, preliminary announcements and related formal statements contain;
- to monitor, review and report to the Board on internal control and risk management systems;
- to consider the appointment of the external auditor, to monitor its independence and objectivity, the level of audit fees and to discuss with the external auditor the nature and scope of the audit; and
- to prepare a formal report to Shareholders on its activities to be included in the Company's annual report, which includes all information and requirements set out in the UK Corporate Governance Code.

The Company does not have a remuneration committee or a nomination committee.

The Directors have committed to invest an aggregate of £20,000 under the Offer.

The Manager: Guinness Asset Management Limited

The Company appointed Guinness Asset Management Limited as its investment manager on 18 October 2022 to originate and manage its investments. On behalf of the Company the Investment Manager will be pursuing an active investment strategy. Since 2010 the Guinness EIS Services have successfully exited more than 100 private and AIM-listed EIS qualifying companies (including 21 private businesses exited through trade sales) and returned over £115 million to investors from these exits.

Guinness has visibility of hundreds of exciting companies that are looking for growth capital in the UK each year making it well placed to act as Manager for the VCT. Guinness will carefully vet new opportunities as well as existing, high-performing portfolio companies for investment by the Company, sometimes co-investing with its EIS portfolios.

Investment Management Team

The Manager has an experienced and talented core team that will support the Company in making solid investment decisions and monitoring and supporting portfolio companies, each in accordance with the Company's published investment policy. Expenses and Administration

Commissions

Commission may be paid to intermediaries in respect of Execution only clients, where no advice has been provided by the Intermediary to the Investor or where the Intermediary has demonstrated to the Promoter that the Investor is a Professional Client of the Intermediary. An initial commission of 2.5% will be payable by the Promoter out of the Initial Fee, and, provided that the intermediary continues to act for the Investor and the Investor continues to be the beneficial owner of the Shares, the Company may pay ongoing commission to intermediaries up to 0.5% per annum of the net asset value of a Share for a period of up to eight years.

Adviser Charges

A fee will usually be agreed between a financial adviser and an Investor for the advice ("Adviser Charge"). This fee can either be paid directly by the Investor or, up to 4.5% of the Application Amount by the Investor, can be facilitated by the Company. If the payment is to be facilitated by the Company, then the Investor is required to specify this amount on the Application Form. The Investor will be issued fewer Shares (to the equivalent value of the Adviser Charge) through the Pricing Formula.

Initial Fee

Guinness will charge the Company an Initial Fee, for its role as promoter as follows:

- for direct investors and Execution-only investors, 5.5% (plus VAT, if applicable) of the Application Amount; and
- for investors receiving financial advice, 3% of the Application Amount,

An Early Bird Discount of 1% will be deducted from the Initial Fee for all accepted valid applications that are submitted with appropriate payment and are received by 31 January 2024.

For Existing Guinness Investors an Existing Investor Discount of 1% will be deducted from the Initial Fee for all accepted valid applications for Shares that are submitted with appropriate payment.

Investment management and administration

Guinness is paid an annual investment management fee of 2.0% of Net Asset Value (plus VAT if applicable). The fee is payable quarterly in arrears.

The Company is responsible for its normal third-party costs including (without limitation) listing fees, audit and taxation services, legal fees, sponsor fees, registrars' fees, receiving agent fees, Directors' fees and other incidental costs. The Directors anticipate that the total Annual Running Expenses will be approximately 3.5% of Net Asset Value per annum. In any event Guinness has agreed to cap the total Annual Running Expenses to a maximum of 3.5% of Net Assets and any excess above this will be borne by Guinness.

A maximum of 75% of the Company's management expenses will be capable of being charged against capital reserves with the balance charged against revenues.

Transaction Fees

Guinness is entitled to charge the underlying portfolio companies fees for arrangement, structuring, monitoring of board directors and, to the extent that other services are provided, additional fees may be agreed. For the avoidance of doubt, these fees are not borne by the Company. Subject to FCA inducement and conflict of interest rules, fees may be paid to introducers in respect of the introduction of transactions.

Performance Fee

The Manager will be incentivised with a Performance Fee in the event that returns exceed a hurdle. This fee is set at 20% of dividends paid (or other returns of capital) in a financial year in which the Total Return is above the Hurdle. The Performance Fee will be due on both ordinary and special dividends.

For the Hurdle to be met, the Shares must achieve a Total Return (based on audited year end results) in excess of £1.00 for the year ending 31 March 2024. For each subsequent year the Hurdle increases by 3p per annum such that for the year ending 31 March 2025 the Hurdle will be £1.03, for the year ending 31 March 2026 the Hurdle will be £1.06 and so on.

The Directors believe that the performance fee structure aligns the interests of the Manager with the Shareholders and incentivises the Manager to make distributions as high and as soon as possible.

PART 5 THE OFFER

Reasons for the Offer

The Offer has been launched to provide Investors with a further opportunity to invest in a company with exposure to high-growth portfolio companies with the benefit of VCT tax reliefs. Currently, the Company has invested in five UK high growth businesses. The Company will use the proceeds of the Offer to invest in further growing businesses in accordance with its stated investment policy, for general working capital purposes and to cover the costs of the Offer.

Number of Shares to be issued

The number of Shares to be issued to each Investor under the Offer will be calculated by reference to the latest published NAV per Share and determined by the following Pricing Formula (rounded down to the nearest whole number of Shares):

$$\text{Number of Shares} = \left[\begin{array}{l} \text{Application Amount, less:} \\ \text{(i) Initial Fee and} \\ \text{(ii) Adviser Charges (if any)} \end{array} \right] \div \left[\begin{array}{l} \text{Latest published} \\ \text{NAV} \\ \text{per Share} \end{array} \right]$$

For example, if an advised investor subscribes £10,000 under the Offer, agrees a fee with their adviser of £300 (resulting in an Initial Fee of 3% being payable by the Company to the Promoter), and, for the purposes of this example only, the last published NAV per Share at the time of allotment is £1, they will receive 9,400 Shares (i.e. £10,000 - (£300 + £300) = £9,400 divided by £1.00 = 9,400 Shares.

Investors whose applications are accepted under the Offer will be allocated Shares based on the last published NAV per Share at the time of allotment which may be higher or lower than £1.00 (which has been included in the above for illustration purposes only) and the number of Shares they will receive would be adjusted accordingly, on the basis of the Pricing Formula set out above.

Subject to any applicable Early Bird Discount and/or Existing Investor Discount, the Initial Fee is 5.5% of the Application Amount for applications received from Direct Investors and Execution-only Investors and 3.0% for applications introduced through a Financial Adviser.

The Initial Fee is not payable by investors, but by the Company. However, the Initial Fee will be reflected in the price per Share paid by investors as a result of a reduction in the number of Shares issued to them in proportion to the amount of the Initial Fee that is applicable to their application, in accordance with the Pricing Formula set out above. The Promoter may agree to reduce the Initial Fee in whole or in part in respect of specific Investors.

By way of example as to the application of the Pricing Formula (assuming for the purposes of these worked examples that the last published NAV per Share at the time of allotment is £1):

Example 1 – Direct Investor

A direct investor subscribes £10,000 under the Offer. An Initial Fee of 5.5% is payable. There are no Adviser Charges.

Number of Shares issued = (£10,000 - £550 - £0) / £1.00 = 9,450 Shares

Example 2 – Direct Investor with 1% Early Bird Discount

A direct investor subscribes £10,000 under the Offer. With an Early Bird Discount, an Initial Fee of 4.5% is payable. There are no Adviser Charges.

Number of Shares issued = (£10,000 - £450 - £0) / £1.00 = 9,550 Shares

Example 3 – Execution-only Investor

An investor through an Execution-only broker subscribes £10,000 under the Offer. An Initial Fee of 5.5% is payable which includes 2.5% initial commission that the broker chooses to waive in favour of the Investor. There are no Adviser Charges.

Number of Shares issued = (£10,000 - £300 - £0) / £1.00 = 9,700 Shares

Example 4 – Advised Investor

An advised investor subscribes £10,000 under the Offer. An Initial Fee of 3.0% is payable, and an Adviser Charge of 3.0% is facilitated.

Number of Shares issued = $(£10,000 - £300 - £300) / £1.00 = 9,400$ Shares

Allotment, dealings and settlement

Application will be made to the Financial Conduct Authority for the Ordinary Shares to be issued pursuant to the Offer to be admitted to the premium segment of the Official List and to trading on the London Stock Exchange's main market for listed securities. The Existing Shares are already so admitted and traded.

It is intended that allotments of Ordinary Shares will be made at regular intervals while the Offer remains open, as the Board determines. Successful Applicants will be notified by post. Dealings may commence prior to notification.

Dealings are expected to commence within 10 Business Days of each allotment.

Ordinary Shares will be issued in registered form and will be freely transferable in both certificated and uncertificated form and it is anticipated that definitive share certificates will be issued within 10 Business Days of each allotment.

Ordinary Shares will be capable of being transferred by means of the CREST system. Investors who wish to take account of the ability to trade their Ordinary Shares in uncertificated form (and who have access to a CREST account) may arrange through their professional adviser to convert their holding into dematerialised form.

The Offer may not be withdrawn after dealings in the Ordinary Shares have commenced. In the event of any requirement for the Company to publish a supplementary prospectus, Applicants who have yet to be entered into the Company's register of members will be given two days to withdraw from their subscription. Applicants should note, however, that such withdrawal rights are a matter of law that is yet to be tested in the courts of England and Wales and applicants should, therefore, rely on their own legal advice in this regard. In the event that notification of withdrawal is given by post, such notification will be effected at the time the Applicant posts such notification rather than at the time of receipt by the Company.

ISAs

The Ordinary Shares will, following Admission, be "qualifying investments" for the stocks and shares component of an ISA (subject to applicable subscription limits) provided that they have been acquired by purchase in the market (which, for these purposes, will include any Ordinary Shares acquired directly under the Offer). Save where Ordinary Shares are being acquired using available funds in an existing ISA, an investment in Ordinary Shares by means of an ISA is subject to the usual annual subscription limits applicable to new investments into an ISA. Individuals wishing to hold their Ordinary Shares in an ISA should contact their professional advisers regarding their eligibility.

Profile of Typical Investor

A typical Investor for whom the Company is designed is a retail investor and/or sophisticated investor and/or high net-worth individual who is a UK tax resident with sufficient income and capital available to be able to commit to an investment for over 5 years and who is attracted by the expected income tax relief available for a VCT investment.

Fees, charges and pricing of the Offer

Commission

Commission is permitted to be paid to authorised financial intermediaries under the rules of the Financial Conduct Authority in respect of execution only clients where no advice or personal recommendation has been given or where the Intermediary has demonstrated to the Promoter that the Investor is a Professional Client of the Intermediary. Such authorised financial intermediaries who, acting on behalf of their clients, return valid Application Forms bearing their stamp and Financial Conduct Authority number will usually be entitled to an initial commission of 2.5% in respect of the Shares allocation for each such Application Form. Provided that the intermediary continues to act for the Investor and the Investor continues to be the beneficial owner of the Shares, the Company may pay ongoing commission to intermediaries up to 0.5% per annum of the net asset value of a Share for a period of up to eight years.

Adviser Charge

Commission is generally not permitted to be paid to Financial Advisers who provide a personal recommendation to UK retail clients on investments in VCTs. Instead of commission being paid by the Company, a fee of up to 4.5% will usually be agreed between the adviser and Investor for the advice and related services ("Adviser Charge"). This fee can either be paid directly by the Investor to the intermediary or, if it is a one-off fee, the payment of such fee may be facilitated by the Company. The Investor is required to specify the amount of the charge on the Application Form.

Initial Fee

Guinness will charge the Company the Initial Fee, for its role as promoter, of:

- for direct investors and Execution-only investors, 5.5% (plus VAT, if applicable) of the Application Amount; and
- for investors receiving financial advice, 3.0% of the Application Amount.

An Early Bird Discount of 1% will be deducted from the Initial Fee for all accepted valid applications that are submitted with appropriate payment and are received by 31 January 2024. The Initial Fee is paid by the Company and not the investor, but the amount of the Initial Fee will adjust the number of Shares issued to an investor under the Offer in accordance with the Pricing Formula described on page 42.

For Existing Guinness Investors an Existing Investor Discount of 1% will be deducted from the Initial Fee for all accepted valid applications for Shares that are submitted with appropriate payment.

The fee structure is based on the relevant applicable rules of the FCA and HMRC as they apply at the date of this document. In the event that there is a change in these rules that affect this fee structure, the Directors reserve the right to make amendments to the fee structure outlined in this document.

PART 6 TAXATION

The following information is only a summary of the current law concerning the tax position of individual Qualifying Subscribers in VCTs. Therefore, potential Investors are recommended to consult a duly authorised financial adviser (and, where appropriate, an accountant or tax adviser) as to the taxation consequences of an investment in the Company. All tax reliefs referred to in this document are UK tax reliefs dependent on companies maintaining their VCT qualifying status. Tax relief may be subject to change and will depend on individual circumstances.

Taxation of a VCT

VCTs are exempt from corporation tax on chargeable gains, with no restriction on the distribution of realised capital gains by a VCT, subject to the requirements of company law. VCTs will be subject to corporation tax on their income (generally excluding dividends received from UK companies) after deduction of attributable expenses.

Qualification as a VCT

To qualify as a venture capital trust, a company must be approved as such by HMRC. To maintain approval, the conditions summarised below must continue to be satisfied throughout the life of the VCT:

- i. (after its first accounting period) the VCT's income must have been derived wholly or mainly from shares and securities (in the case of securities issued by a company, meaning loans with a five-year or greater maturity period);
- ii. (after its first accounting period) no holding in a company (other than a VCT or a company which would, if its shares were listed, qualify as a VCT) by the VCT may represent more than 15%, by value, of the VCT's total investments at the time of investment;
- iii. (after its first accounting period) the VCT must not have retained more than 15% of the income derived from shares or securities in any accounting period;
- iv. the VCT must not be a close company. Its ordinary share capital must be listed on the main list of the London Stock Exchange or a regulated European market by no later than the beginning of the accounting period following that in which the application for approval is made;
- v. (from the beginning of the accounting period during which the third anniversary of the issue of Shares falls) at least 80%, by value, of its investments is represented by shares or securities comprising Qualifying Investments. Funds raised by a further share issue are disregarded in judging whether this condition has been met for accounting periods ending no later than three years after the new issue;
- vi. at least 30% of the funds from those share issues must be invested in qualifying holdings by the anniversary of the end of the accounting period in which those shares were issued;
- vii. (from the beginning of the accounting period during which the third anniversary of the issue of Shares falls) for funds included in the requirement at (v) above, at least 70%, by value, of the VCT's Qualifying Investments must be in "eligible shares", that is shares which carry no preferential rights to assets on a winding up and no rights to be redeemed although they may have certain preferential rights to dividends so long as those rights are non-cumulative and are not subject to discretion;
- viii. the VCT must not make an investment in a company which causes that company to receive more than £5 million of State Aid investment in the 12 months ending on the date of the investment (no more than £10 million for a Knowledge Intensive Company);
- ix. the VCT must not return capital to shareholders (or make any payment from share capital or share premium) before the third anniversary of the end of the accounting period during which the subscription for shares occurs;
- x. no investment can be made by the VCT into a company which causes that company to receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of State Aid investment (including from VCTs) over the company's lifetime. A subsequent acquisition by the company of another company that has previously received Risk Finance State Aid can cause the lifetime limit to be exceeded in certain circumstances;
- xi. no investment can be made by the Company in a company whose first commercial sale was more than

7 years prior to date of investment, (10 years from the first commercial sale or the end of the accounting period where revenue first exceeded £200,000 for a Knowledge Intensive Company) except where previous Risk Finance State Aid was received by the company within 7 years of it commencing to trade commercially (10 years from the first commercial sale or the end of the accounting period where revenue first exceeded £200,000 for a Knowledge Intensive Company) or where the company is entering a new product market or new geographic market and a turnover test is satisfied;

- xii. no funds received from an investment into a company can be used to acquire shares in another company nor another existing business or trade nor any intellectual property or goodwill previously employed in a trade; and
- xiii. the VCT must not make a non-Qualifying Investment other than those specified in section 274 ITA 2007.

“Qualifying Investments” comprise shares or securities (including some loans with a five year or greater maturity period but excluding guaranteed loans and securities) issued by unquoted trading companies which meet a financial health requirement and exist wholly or mainly for the purpose of carrying on one or more qualifying trades. Companies on the AIM market of the London Stock Exchange, or on another Qualifying Exchange, are treated as unquoted companies. The trade must be carried on by, or be intended to be carried on by, the investee company or a qualifying subsidiary at the time of the issue of the shares or securities to the VCT (and by such company or by any other subsidiary in which the investee company has not less than a 90% interest at all times thereafter). A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter. The definition of a qualifying trade excludes dealing in property, shares, securities, commodities or futures. It also, amongst other things, excludes banking, insurance, receiving royalties or licence fees in certain circumstances, leasing, the provision of legal and accounting services, farming and market gardening, forestry and timber production, property development, shipbuilding, coal and steel production, operating or managing hotels or guest houses, generation of any form of energy, production of fuel, nursing and residential care homes. The funds raised by the investment must be used for the purposes of the qualifying trade within certain time limits.

A qualifying investment can also be made in a company which is a parent company of a trading group where the activities of the group, taken as a whole, consist of carrying on one or more qualifying trades. Investee companies must have a permanent establishment in the UK. The investee company cannot receive more than £5 million (£10 million for a Knowledge Intensive Company) from VCTs or other State Aid investment sources during the 12-month period which ends on the date of the VCT's investment. The investee company's gross assets must not exceed £15 million immediately prior to the investment and £16 million immediately thereafter. The investee company must have fewer than 250 employees or 500 employees in the case of a Knowledge Intensive Company. Neither the VCT nor any other company may control the investee company, nor can the investee company control any company which is not a qualifying subsidiary. The investee company cannot be in financial difficulty. At least 10% of the VCT's total investment in the investee company must be in eligible shares, as described above. The company cannot receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of State Aid investment (including from VCTs) over the company's lifetime. The company's first commercial sale must be no more than 7 years (10 years from the first commercial sale or the end of the accounting period where revenue first exceeded £200,000 for a Knowledge Intensive Company) prior to the date of the VCT's investment, except where previous Risk Finance State Aid was received by the company within 7 years (10 years from the first commercial sale or the end of the accounting period where revenue first exceeded £200,000 for a Knowledge Intensive Company) or where the company is entering a new product market or new geographic market and a turnover test is satisfied. Funds received from an investment by a VCT cannot be used to acquire shares in another company nor another existing business or trade.

Companies whose shares are traded on AIM are treated as unquoted companies for the purposes of calculating qualifying investments. Shares in an unquoted company which subsequently becomes listed may still be regarded as a qualifying investment for a further five years following listing, provided all other conditions are met.

The risk-to-capital condition introduced in Finance Act 2018 requires that a Qualifying Company has long term growth plans and that the investment made by the VCT is at risk.

Tax reliefs for individual Investors

In order to benefit from the tax reliefs outlined below, individuals who subscribe must be aged 18 or over.

Relief from Income Tax

Relief from income tax of 30% will be available on subscriptions for shares in a VCT, subject to the Qualifying Limit (currently £200,000 in each tax year). The relief, which will be available in the year of subscription, cannot exceed the amount which reduces the income tax liability of the Qualifying Subscriber in that year to nil. Relief may not be available if there is a loan linked with the investment. Relief will not be available, or, where given, will be withdrawn, either in whole or in part, where there is any disposal (except on death) of the shares (or of an interest in them or right over them) before the end of the period of five years beginning with the date on which the shares were issued to the Qualifying Subscriber.

Relief is restricted or not available where a Subscriber disposes of shares in the same VCT (or in another VCT which is known to be merging with the VCT) within six months of their subscription, whether the disposal occurs before or after the subscription.

Income tax relief is available on the Investment Amount (including the amounts used to pay the Initial Fee but not including the amount of the Adviser Charge settled by the Company through the Receiving Agent prior to subscription for Shares), subject to VCT Rules, personal circumstances and changes in the availability of tax reliefs.

Dividend Relief

Any Qualifying Subscriber, who has acquired shares in a VCT of a value of no more than £200,000 in any tax year, will not be liable for UK income tax on any dividends paid out on those shares by the VCT. There is no withholding tax on dividends.

Capital Gains Tax Relief

A disposal by a Qualifying Subscriber of his or her shares in a VCT will give rise to neither a chargeable gain nor an allowable loss for the purposes of UK capital gains tax. This relief is limited to the disposal of shares acquired within the £200,000 limit for any tax year.

Loss of Tax Reliefs

Relief from corporation tax on capital gains will be withdrawn should a company that has been granted approval or provisional approval as a VCT fails to maintain the conditions required to keep its qualifying status. After such a status is lost, all gains will fail to benefit from tax exemption.

For investors, loss of VCT status could result in:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares;
- any payments of dividends made by the company during the accounting period in which the company loses VCT status, and thereafter, being subject to income tax; and
- a liability to tax on capital gains as would normally occur on the disposal of shares, except for any part of the gain that could be attributed to the time when the company had VCT status.

Qualifying Investors investing in a company that has provisional approval as a VCT, but fails to obtain full unconditional approval as a VCT may experience the following consequences:

- claw-back of the 30% tax relief previously obtained on the subscription for new VCT shares and interest on any overdue tax;
- any payments of all dividends by the company being subject to income tax; and
- any gain from the disposal of any shares being subject to capital gains tax and losses on the shares being allowable losses for capital gains tax purposes.

The impact of the death of an investor

Initial Income Tax

Should any investor die having made an investment in a VCT, the transfer of shares on his or her death will not be viewed as a disposal of shares and so there will not be any claw-back of the income tax relief obtained on the subscription for those shares. However, the shares transferred will become part of the estate of the deceased for inheritance tax purposes.

Tax implications for the beneficiary

The beneficiary of any VCT shares inherited from a deceased investor will continue to be entitled to tax-free dividends and tax-relief on disposal, provided the beneficiary is at least 18 years of age and acquires the shares within their annual £200,000 limit but will not be entitled to any initial income tax relief because they have not subscribed for those shares.

The impact of a transfer of shares between spouses

As it is not deemed a disposal of shares, any transfer of shares between spouses will continue to benefit from all tax reliefs.

General

Investors not residing in the UK

Investors who are not resident in the UK or who may become a non-resident should seek their own professional advice as to the consequences of making an investment in a VCT, as they may be subject to tax in other jurisdictions as well as in the UK.

Stamp Duty and Stamp Reserve Tax

No stamp duty or stamp duty reserve tax is payable on the issue of shares. The transfer on the sale of shares is usually liable to ad valorem stamp duty or stamp duty reserve tax. Such duties would be payable by the individual who purchases the shares from the original subscriber.

Purchasing shares after listing

Any qualifying purchaser of existing VCT shares, rather than new VCT shares, will not qualify for income tax relief on investments, but may be able to receive exemption from tax on dividends and capital gains tax on disposal of his or her VCT shares if those shares are acquired within the investor's annual £200,000 limit.

The information in this Part 6 is based on current legislation, including taxation legislation. The tax legislation of the UK and of any other jurisdiction to which an Investor is subject may have an impact on the income received from the securities. The tax reliefs described are those currently available. Levels and bases of, and relief from taxation are subject to change and such change could be retrospective.

Each of the Redeemable Preference Shares carries the right to a fixed, cumulative, preferential, dividend of 0.1% per annum (exclusive of any imputed tax credit available to shareholders) on the nominal amount thereof, but confers no right to vote except as otherwise agreed by the holders of a majority of the Shares. On a winding-up, the Redeemable Preference Shares confer the right to be paid the nominal amount paid on such shares. The Redeemable Preference Shares are redeemable at any time by the Company and by the holder at any time. Each Redeemable Preference Share which is redeemed, shall, thereafter, be cancelled without further resolution or consent.

3.2.3 Transfer of Shares

The Ordinary Shares are in registered form and will be freely transferable. All transfers of Ordinary Shares must be effected by a transfer in writing in any usual form or any other form approved by the Directors. The instrument of transfer of an Ordinary Share shall be executed by or on behalf of the transferor and, in the case of a partly paid share by or on behalf of the transferee. The Directors may refuse to register any transfer of a partly paid Share, provided that such refusal does not prevent dealings taking place on an open and proper basis and may also refuse to register any instrument of transfer unless:

3.2.3.1 it is duly stamped (if so required), is lodged at the Company's registered office or with its registrars or at such other place as the Directors may appoint and is accompanied by the certificate for the shares to which it relates and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;

3.2.3.2 it is in respect of only one class of share; and

3.2.3.3 the transferees do not exceed four in number.

3.2.4 Dividends

The Company may by ordinary resolution declare dividends in accordance with the respective rights of the members, provided that no dividend shall be payable in excess of the amount recommended by the Directors. The Directors may pay such interim dividends as appear to them to be justified. No dividend or other monies payable in respect of an Ordinary Share shall bear interest as against the Company. There are no fixed dates on which entitlement to a dividend arises.

All dividends unclaimed for a period of twelve years after being declared or becoming due for payment shall be forfeited and shall revert to the Company.

3.2.5 Disclosure of Interest in Ordinary Shares

If any member or other person appearing to be interested in shares of the Company is in default after the date of service of a notice requiring such member or other person to supply to the Company in writing all or any such information as is referred to in section 793 of the Act within the time period specified by such notice, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Company in respect of the relevant shares and additionally in the case of a shareholder representing at least 0.25% by nominal value of any class of shares of the Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant shares.

3.2.6 Distribution of Assets on Liquidation

On a winding-up, any surplus assets of the Company will be divided amongst the holders of its Shares according to the respective numbers of Shares held by them in the Company and in accordance with the provisions of the Act, subject to the rights of any shares which may be issued with special rights or privileges. The Company's articles of association provide that the liquidator may, with the sanction of a resolution and any other sanction required by the Act, divide amongst the members in specie the whole or any part of the assets of the Company in such manner as he may determine.

3.2.7 Changes in Share Capital

3.2.7.1 Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine. Subject to the Act, the Company may issue shares, which are, at the option of the Company or the holder, liable to be redeemed.

3.2.7.2 The Company may by ordinary resolution increase its share capital, consolidate and divide all or any of its share capital into shares of larger amount, sub-divide its shares or any of them into shares of smaller amounts, or cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction.

3.2.7.3 Subject to the Act, the Company may by special resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the Act (and to any rights for the time being attached to any shares of the Company), purchase its own shares.

3.2.8 Variation of Rights

Whenever the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than 75% of the nominal amount of the issued shares of that class or with the sanction of a resolution passed at a separate meeting of such holders.

3.2.9 Directors

Unless and until otherwise determined by the Company in a general meeting, the number of Directors shall not be less than two nor more than six. The continuing Directors may act notwithstanding any vacancy in their body, provided that, if the number of the Directors be less than the prescribed minimum, the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint (a) any other Director, or (b) any other person who is approved by the Board of Directors as hereinafter provided, to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the Act, the Directors may from time to time appoint one or more of their body to be managing director or joint managing directors of the Company, or to hold such other executive office in relation to the management of the business of the Company as they may decide.

A Director of the Company may continue to be or become a Director or other officer, servant or member of any company promoted by the Company or in which it may be interested as a vendor shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as director or other officer, servant or member of such company.

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

3.2.10 Directors' Interests

3.2.10.1 A Director who is in any way, directly or indirectly, interested in a transaction or arrangement with the Company shall, at a meeting of the Directors, declare, in accordance with the Act, the nature of his interest.

3.2.10.2 Provided that he has declared his interest in accordance with paragraph 3.2.10.1, a Director may be a party to or otherwise interested in any transaction or arrangement with the Company or in which the Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.

3.2.10.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through the Company, unless his interest arises only because the case falls within one or more of the following paragraphs:

- (a) the giving to him of any guarantee, security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the Company or any of its subsidiary undertakings;
- (b) the giving to a third party of any guarantee, security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;
- (c) any proposal concerning the subscription by him of shares, debentures or other securities of the Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;

- (d) any proposal concerning any other company in which he is interested, directly or indirectly, whether as an officer or shareholder or otherwise, provided that he and any persons connected with him do not (to his knowledge) hold an interest in shares representing 1% or more of any class of the equity share capital of such company or of the voting rights available to members of the company;
- (e) any proposal relating to an arrangement for the benefit of the employees of the Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
- (f) any arrangement for purchasing or maintaining for any officer or auditor of the Company or any of its subsidiaries, insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the Company or any of its subsidiaries of which he is a director, officer or auditor.

3.2.10.4 When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with the Company, or any company in which the Company is interested, the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.

3.2.11 Remuneration of Directors

3.2.11.1 The ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that, unless otherwise approved by the Company in general meeting, the aggregate ordinary remuneration of such Directors, including fees from the Company, shall not exceed £200,000 per year) to be divided among them in such proportion and manner as the Directors may determine. The Directors shall also be paid by the Company all reasonable travelling, hotel and other expenses they may incur in attending meetings of the Directors or general meetings or otherwise in connection with the discharge of their duties.

3.2.11.2 Any Director who, by request of the Directors, performs special services for any purposes of the Company may be paid such reasonable extra remuneration as the Directors may determine.

3.2.11.3 The emoluments and benefits of any executive director for his services as such shall be determined by the Directors and may be of any description, including membership of any pension or life assurance scheme for employees or their dependants or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependants on or after retirement or death..

3.2.12 Retirement of Directors

At each Annual General Meeting of the Company one-third of the Directors, who are subject to retirement by rotation, shall retire from office. A retiring Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed a Director despite having attained any particular age.

3.2.13 Borrowing Powers

Subject as provided below, the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control over its subsidiary undertakings (if any) so as to secure that the aggregate amount at any time outstanding in respect of money borrowed by the group, being the Company and its subsidiary undertakings for the time being (excluding intra-group borrowings), shall not, without the prior sanction of an ordinary resolution of the Company, exceed a sum equal to 25% of the aggregate total amount received from time to time on the subscription of shares of the Company.

3.2.14 Uncertificated Shares

CREST, a paperless settlement system enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by a written instrument, was introduced in July 1996. The Company's articles of association are consistent with CREST membership and allow for the holding and transfer of shares in uncertificated form pursuant to the Uncertificated Securities Regulations 2001.

The Company anticipates that it will enter the CREST system on admission of the Shares to the London Stock Exchange.

3.2.15 General Meetings

The Company shall, within 6 months of a company's financial year end, at such time and place as may be determined by the Directors, hold a general meeting as its annual general meeting in addition to any other meetings in that year.

The Directors may, whenever they think fit, convene a general meeting of the Company, and general meetings shall also be convened on such requisition or in default may be convened by such requisitions as are provided by the Act. Any meeting convened under this Article by requisitions shall be convened in the same manner as near to as possible as that in which meetings are to be convened by the Directors.

An annual general meeting shall be called by not less than twenty-one days' notice in writing, and all other general meetings of the Company shall be called by not less than fourteen days' notice in writing. The notice shall be exclusive of the day on which it is given and of the day of the meeting and shall specify the place, the day and hour of meeting, and, in the case of special business, the general nature of such business. The notice shall be given to the members (other than those who, under the provisions of the articles or the terms of issue of the shares they hold, are not entitled to receive notice from the Company), to the Directors and to the Auditors. A notice calling an annual general meeting shall specify the meeting as such and the notice convening a meeting to pass a special resolution or an ordinary resolution, as the case may be, shall specify the intention to propose the resolution as such.

In every notice calling a meeting of the Company or any class of the members of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint one or more proxies to attend and, on a poll, vote instead of him, and that a proxy need not also be a member.

If within 15 minutes (or such longer interval as the Chairman in his absolute discretion thinks fit) from the time appointed for the meeting a quorum is not present, the meeting, if convened by or upon the requisition of members, shall be dissolved. In any other case it shall stand adjourned to the same day in the next week at the same time and place, or to later on the same day or to such other day and at such time and place as the Chairman (or, in default, the Board) may determine.

The Chairman may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

The Board shall procure that at the later of the Company's annual general meeting in 2032 and the annual general meeting of the Company held after the fifth anniversary of the last allotment of shares (from time to time) in the Company (and at five yearly intervals thereafter), a resolution will be proposed to the effect that the Company shall continue as a VCT for a further five year period. If any such resolution is not passed the Board shall, within four months of such meeting, convene a general meeting to consider proposals for the reorganisation or reconstruction or member's voluntary liquidation of the Company.

There are no other contracts, not being contracts entered into in the ordinary course of business, entered into by the Company which contain any provision under which the Company has an obligation or entitlement which is material to the Company as at the date of this document:

5.1 Offer Agreement

An Offer Agreement dated 14 September 2023 and made between the Company (1), the Directors (2), the Promoter (3) and the Sponsor (4), pursuant to which the Sponsor has agreed to act as sponsor to the Offer and the Promoter has undertaken, as agent of the Company, to use its reasonable endeavours to procure subscribers for Ordinary Shares under the Offer. Under the Offer Agreement, subject to shareholder approval, the Company will pay the Promoter a commission of up to 5.5% for applications received direct or through Execution-only, or up to 3.0% for applications received through financial advisers, in each case calculated on the applicable Application Amount.

The Promoter will be responsible for the payment of initial commission to authorised financial intermediaries in respect of execution only clients.

Under the Offer Agreement, which may be terminated by the parties in certain circumstances, the Company, the Promoter and the Directors have given certain warranties and indemnities. Warranty claims must be made by no later than three months after the date of the third annual general meeting of the Company following the closing date of the Offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The warranties and indemnities are in usual form for a contract of this type and the warranties are subject to limits of one year's director fees for each Director. The Company has also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the Offer Agreement. The Offer Agreement may be terminated, inter alia, if any statement in the Prospectus is untrue, any material omission from the Prospectus arises or any breach of warranty occurs.

5.2 2022 Offer Agreement

An Offer Agreement dated 18 October 2022 (the "2022 Offer Agreement") and made between the Company (1), the Directors (2), the Promoter (3) and the Sponsor (4), pursuant to which the Sponsor agreed to act as sponsor to the 2022 Offer and the Promoter undertook, as agent of the Company, to use its reasonable endeavours to procure subscribers for Ordinary Shares under the 2022 Offer. Under the 2022 Offer Agreement, the Company paid the Promoter a commission of up to 5.5% for applications received direct or through an Execution-only platform, or up to 3.0% for applications received through financial advisers, in each case calculated on the applicable Application Amount.

The Promoter was responsible for the payment of initial commission to authorised financial intermediaries in respect of execution only clients.

Under the 2022 Offer Agreement, which could be terminated by the parties in certain circumstances, the Company, the Promoter and the Directors gave certain warranties and indemnities. Warranty claims must be made by no later than three months after the date of the second annual general meeting of the Company following the closing date of the offer at which Shareholders approve the Company's accounts or (if earlier) by the date the Company is subject to a takeover. The warranties and indemnities are in usual form for a contract of this type and the warranties are subject to limits of one year's director fees for each Director. The Company also agreed to indemnify the Sponsor in respect of its role as Sponsor and under the 2022 Offer Agreement. The 2022 Offer Agreement could be terminated, inter alia, if any statement in the 2022 Prospectus was untrue, any material omission from the 2022 Prospectus arises or any breach of warranty occurs.

5.3 Investment Management Agreement

An agreement (the “Investment Management Agreement”) dated 18 October 2022 (as varied by a deed of amendment dated 29 March 2023 referred to at paragraph 5.6 below) and made between the Company and Guinness pursuant to which Guinness has been appointed as the Company’s investment manager to provide discretionary investment management and advisory services to the Company in respect of its portfolio of Qualifying Investments and Non-Qualifying Investments and valuations of its portfolio interests.

Guinness receives an annual management fee equal to 2.0% of the Net Asset Value (plus VAT if applicable) payable quarterly in arrears until the termination of the Investment Management Agreement. Guinness is entitled to reimbursement of expenses incurred in performing its duties under the agreement, and is also entitled to receive and retain transaction and introductory fees, directors’ fees, monitoring fees, consultancy fees, corporate finance fees, syndication fees, exit fees and commissions in relation to portfolio companies.

Guinness is also entitled to a performance fee payable in relation to each accounting period. This fee is set at 20% of dividends (or other return of capital) paid in a financial year in which the Total Return is above the Hurdle. For the Hurdle to be met, the Shares must achieve a Total Return (based on audited year end results) in excess of £1.00 for the year ending 31 December 2024. For subsequent years, the Hurdle increases by 3p per annum such that for the year ending 31 December 2025 the Hurdle will be £1.03, for the year ending 31 December 2026 the Hurdle will be £1.06 and so on.

The appointment of Guinness in relation to the investment services will continue unless and until terminated by either party giving to the other not less than 12 months’ notice in writing, such notice not to take effect before the end of the fifth anniversary following the last allotment of Shares pursuant to an offer for subscription made by the Company. The Investment Management Agreement is subject to earlier termination by either party in certain circumstances.

All securities purchased through the Manager will be registered (except for bearer stocks) in the name of the Company, to hold all or any of the Company’s Assets and documents of title or certificates evidencing title on behalf of the Company.

Any investment or other asset of the Company will be registered (except for bearer stocks) in the name of the Company, or, subject to the written agreement of the Company, in the name of a custodian which may be appointed from time to time by the Company on terms agreed by the Manager.

Transactions undertaken by the Manager for the Company shall correspond with the provisions of the Manager’s written execution policy, and the Manager shall manage conflicts of interest, disclosing to the Board the nature of any material interest which the Manager may have in any proposed transaction to which the Company is, or is to be, a party, the Manager not causing the Company to become a party to any such contract or transaction except with the prior approval of those members of the Board who are independent of the Manager (such prior approval not to apply to the allocation of investment opportunities governed by the Investment Management Agreement).

The Manager has agreed to indemnify the Company by such amount as is equal to the excess by which the Annual Running Costs of the Company exceeds 3.5% of the Net Asset Value, calculated on an annual basis.

The provision by the Manager of discretionary investment management and advisory services is subject to the overall control, direction and supervision of the Directors.

The Manager may assign its rights and obligations under the Investment Management Agreement to any member of the Manager’s group of companies

Under this agreement the Administrator will hold securities in certificated form on behalf of the Company for safekeeping.

The Administration Agreement will continue for a period of 2 years from 22 March 2023, and thereafter is terminable by either party giving 6 months' written notice, but subject to early termination in certain circumstances.

5.6 Deed of Amendment to the Investment Management Agreement

A deed of amendment to the Investment Management Agreement, dated 29 March 2023, made between the Company and Guinness rectifying the period for calculating the performance fee to reflect the Company's financial year end of 31 March each year, rather than the calendar year end of 31 December each year.

6.16 The capitalisation of the Company as at 31 March 2023 was as follows:

6.20 The Company has to satisfy a number of tests to qualify as a VCT and will be subject to various rules and regulations in order to continue to qualify as a VCT, as set out under the heading "Taxation" in Part 6 of this document. In addition, the following restrictions are imposed upon the Company under the rules relating to admission to the Official List:

6.20.1 it, or any of its subsidiaries, must not conduct any trading activity which is significant in the context of the group as a whole;

6.20.2 it must not invest more than 10% in aggregate of the value of its total assets (at the time the investment is made) in other listed closed-ended investment funds except listed closed-ended investment funds which themselves have published investment policies to invest no more than 15% of their total assets in other closed-ended investment funds; and

6.20.3 it must manage and invest its assets in accordance with the investment policy set out on page 26 of this Prospectus, which contains information about the policies which it will follow relating to asset allocation, risk diversification and gearing and which includes maximum exposure.

6.21 Guinness has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in this document and the information in those sections in Part 2, 3 and 4 of this document under the headings "The Manager", "Manager's Track Record", "The Manager: Guinness Asset Management Limited" and "Investment Manager's Team" for which it is stated to accept responsibility (as being the stated source of such information) in each case in the form and context in which they appear. The information in those sections in Part 2, 3 and 4 of this document under the headings "The Manager", "Manager's Track Record", "The Manager: Guinness Asset Management Limited" and "Investment Manager's Team" have been included in this document with the consent of Guinness, which has authorised the content of those parts of this document for the purpose of the Prospectus.

Guinness accepts responsibility for those sections in Part 2, 3 and 4 of this document under the headings “The Manager”, “Manager’s Track Record”, “The Manager: Guinness Asset Management Limited” and “Investment Manager’s Team”, and declares that, to the best of the knowledge of Guinness, the information contained in those parts of this document for which Guinness accepts responsibility is in accordance with the facts and those parts of this document for which Guinness accepts responsibility make no omission likely to affect their import. The full name and address of Guinness are set out on page 62 of this Part 7.

- 6.22 The Offer has been sponsored by Howard Kennedy whose offices are at No.1 London Bridge, London SE1 9BG and which is authorised and regulated by the Financial Conduct Authority. - 6.23 The Offer is being promoted by Guinness which is authorised and regulated by the Financial Conduct Authority. The Promoter has given, and has not withdrawn, its written consent to the issue of this document with the inclusion of its name in the form and context in which it is included.
- 6.24 Save for the allotment of 486,236 Ordinary Shares on 5 April 2023, the allotment of 786,900 Ordinary Shares on 6 April 2023 and the allotment of 697,475 Ordinary Shares on 30 June 2023, there have been no significant changes in the financial or trading position of the Company since 31 March 2023 (being the end of the last financial period of the Company for which audited financial information has been published) to the date of this document.
- 6.25 Shareholders will be informed, through a Regulatory Information Service announcement, if the investment restrictions which apply to the Company as a VCT detailed in this document are breached.
- 6.26 The results of the Offer will be announced through a Regulatory Information Service within 3 Business Days of the closing of the Offer.
- 6.27 **Mandatory takeover bids:** The City Code on Takeovers and Mergers (the “City Code”) applies to all takeover and merger transactions in relation to the Company and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover and that shareholders of the same class are afforded equivalent treatment. The City Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers (the “Panel”) has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the Act.
- 6.28 The City Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the City Code which requires that a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. “Voting rights” for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person, who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.
- 6.29 There are not in existence any current mandatory takeover bids in relation to the Company.
- 6.30 **Squeeze out:** Section 979 of the Act provides that if, within certain time limits, an offer is made for the share capital of a company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the Act must, in general, be the same as the consideration available under the takeover offer.
- 6.31 **Sell out:** Section 983 of the Act permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in a company which amount to not less than 90%

in value of all the voting shares in the company and carry not less than 90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

- 6.32 The Shares will usually trade at a discount to their underlying net asset value. Shares in VCTs are inherently illiquid and there may be a limited market in the Ordinary Shares primarily because the initial tax relief is only available to those subscribing for newly issued Ordinary Shares which may, therefore, adversely affect the market price of the Ordinary Shares and the ability to sell them.
- 6.33 The Company and the Directors consent to the use of the Prospectus by financial intermediaries, from the date of the Prospectus until the close of the Offer, for the purpose of subsequent resale or final placement of securities by financial intermediaries for Shares until the close of the Offer, and accept responsibility for the information contained therein for such purpose. The closing date of the Offer is 30 August 2024, or such earlier date at the Director's absolute discretion. There are no conditions attaching to this consent. Financial intermediaries may use the Prospectus only in the UK.
- 6.34 **In the event of an offer being made by a financial intermediary, information on the terms and conditions of the offer will be given to Investors by the financial intermediaries at the time that the offer is introduced to investors. Any financial intermediary using the Prospectus must state on its website that it is using the Prospectus in accordance with the consent set out in paragraph 6.33 above.**
- 6.35 The maximum number of Ordinary Shares which are the subject of this Prospectus is 25,000,000 Ordinary Shares.
- 6.36 Any forward-looking statements in this Prospectus do not in any way seek to qualify the working capital statement in paragraph 6.15 of this Part 7 and will be updated as required by the Prospectus Regulation Rules, the Listing Rules and the Disclosure Guidance & Transparency Rules, as appropriate.
- 6.37 The Prospectus has been approved by the Financial Conduct Authority, as competent authority under the UK Prospectus Regulation. The FCA only approves the Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Such approval shall not be considered as an endorsement of the Company that is, or the quality of the Ordinary Shares that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Ordinary Shares.
- 6.38 The information contained in this document sourced from third parties has been accurately reproduced and, so far as the Company is aware and is able to ascertain from information published by the relevant third parties, no facts have been omitted which would render the reproduced information inaccurate or misleading. Where such information has been included in this document, the source of that information has been identified.
- 6.39 The Company is an alternative investment fund for the purposes of AIFMD. The Company has been registered as a small registered UK AIFM. The Company is subject to the Alternative Investment Fund Managers Regulations 2013 (SI 2013/1773). The Company is not otherwise regulated.
- 6.40 Guinness currently manages 40 funds, which it is managing under delegation.

7. Dilution

The Existing Shares will represent 23.4% of the enlarged Ordinary Share capital of the Company immediately following the Offer, assuming (i) the Offer is fully subscribed, including the over allotment facility (ii) with a NAV per Share of 97.67p and (iii) the total initial expense of 5.5% applies to all subscriptions, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 76.6%.

8. Documents for Inspection

- 8.1 The Company's articles of association are available for inspection at the offices of Howard Kennedy LLP, No.1 London Bridge, London SE1 9BG, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from the date of this document until closing of the Offer and may also be inspected at the Company's website address at www.guinnessgi.com.

8. This application is addressed to the Receiving Agent. The rights and remedies of the Receiving Agent and the Sponsor under these Terms and Conditions of Application are in addition to any rights and remedies which would otherwise be available to either of them, and the exercise or partial exercise of one will not prevent the exercise of the others.
9. The dates and times referred to in these Terms and Conditions of application may be altered by the Company with the agreement of the Sponsor.
10. The section headed Application Procedures forms part of these Terms and Conditions of application.

Investors should be aware of, and hereby agree to comply with, the Money Laundering Notice set out below on page 77, which forms part of these Terms and Conditions of application

11. Your electronic transfer or cheque must be drawn in Sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques to be cleared through facilities provided for members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner. Cheques should be drawn on the personal account to which you have sole or joint title to such funds. Third party cheques will not be accepted. The account name from which any electronic transfer is made or from which any cheque is drawn should be the same as that shown on the application and should be in the sole name or joint name of the applicant. Post-dated cheques will not be processed until the cheque can be presented and will not be treated as being received by the Receiving Agent until that date. Cheques will be presented for payment upon receipt. The Company reserves the right to instruct The City Partnership (UK) Limited (the "Receiving Agent") to seek special clearance of cheques to allow the Company to obtain value for remittances at the earliest opportunity. If you wish to pay by electronic transfer, please use the account details provided. The right is reserved to reject any Application Form in respect of which the cheque has not been cleared on first presentation.
12. Applications will generally be accepted on a "first-come, first-served" basis, subject always to the discretion of the Board. For these purposes, **"first-come, first-served" shall be assessed based on the date and time of receipt of a fully completed valid Application Form, subject to receipt of Application monies (in full) in cleared funds within five Business Days thereafter to retain the Applicant's priority position.** If Application monies are not received within such time, the relevant date and time shall be when the Applicant's application monies are received in cleared funds. An Application may not be considered eligible for allotment until identity verification is complete and/or, where relevant, information or supporting evidence required for the Application is no longer outstanding. The right is reserved to reject in whole or in part and/or scale down and/or ballot any application or any part thereof including, without limitation, where applications in respect of which any verification of identity (which the Company or the Receiving Agent consider may be required for the purposes of the ML Regulations) has not been satisfactorily supplied. Dealings prior to the issue of certificates for Shares will be at the risk of Applicants. A person so dealing must recognise the risk that an application may not have been accepted to the extent anticipated or at all. The Company may accept applications made otherwise than by completion of an Application Form where the Applicant has agreed in some other manner acceptable to the Company to apply in accordance with these Terms and Conditions of application.
13. The application of the subscription proceeds is subject to the absolute discretion of the Directors.
14. Intermediaries who have demonstrated to the Promoter that the relevant Investor is a Professional Client of the intermediary or who have not provided personal recommendations or advice to UK retail clients on the Ordinary Shares being applied for and who, acting on behalf of their clients, return valid Application Forms bearing their FCA number may be entitled to commission of 2.5% on the amount payable in respect of such Shares allocated for each such Application Form. Intermediaries may agree to waive part or all of their initial commission in respect of an application for Ordinary Shares under the Offer. If this is the case, then the charges to be deducted under the Pricing Formula will be adjusted. Intermediaries should keep a record of Application Forms submitted bearing their stamp to substantiate any claim for their commission.

Money Laundering Notice

In accordance with the Money Laundering Regulations, an Applicant's identity must be verified before allotting new Shares under the Offer. Verification of identity is a routine step associated with the application process. It ensures that Applicants (i) are who they say they are, (ii) that they have not acquired the application monies illegally, and (iii) that they are not attempting to use the Company or the Receiving Agent as part of criminal activity.

Please note that the Company cannot allot new Shares to an Applicant whose identity cannot be verified.

For Applications made through a financial intermediary, the intermediary should complete verification of the Applicant's identity. By signing the Application Form, the financial intermediary confirms that they have verified the identity of the Applicant to the standard required by the Money Laundering Regulations within the guidance for the UK financial sector issued by the Joint Money Laundering Steering Group, and that if the Company, Manager and/or the Receiving Agent request additional information in connection with that verification, they will provide it within two Business Days of receiving the request.

For direct Applications the Receiving Agent will use the Applicant's personal information from the Application Form to verify their identity through Veriphy, a specialist anti-money laundering ("AML") compliance solution provider. Veriphy's AML checks include identity and UK address validation as well as integral mortality, departure, sanction, and politically exposed person searches. **Veriphy's checks have no impact on an Applicant's credit score or their ability to obtain credit.**

In the small number of cases where Veriphy is unable to verify the Applicant's identity sufficiently, the Receiving Agent will need the Applicant to supply evidence of their identity and will contact the Applicant (or their financial intermediary, if applicable) to request copies of the relevant documents (typically, an original or certified copy of a passport or driving licence, as well as a recent bank statement or utility bill) and explain how they should be provided. Please note that failure to provide satisfactory evidence following such a request may result in a delay in processing an Application or, at the point of the Offer closing to Applications, the Application being treated as invalid. The Company will return monies (without interest) associated with an invalid Application.

Note: The Company and the Receiving Agent may, in their absolute discretion, and regardless of the Application amount and/or the involvement of a financial intermediary, require identity verification.
